Narratives

Disaster Damage:

The Lower Manhattan Development Corporation was created in the aftermath of September 11, 2001 by Governor Pataki and then-Mayor Giuliani to help plan and coordinate the rebuilding and revitalization of Lower Manhattan, defined as everything south of Houston Street. The LMDC is a joint State-City corporation governed by a 16-member Board of Directors, half appointed by the Governor of New York and half by the Mayor of New York. LMDC is charged with ensuring Lower Manhattan recovers from the attacks and emerges even better than it was before. The centerpiece of LMDCs efforts is the creation of a permanent memorial honoring those lost, while affirming the democratic values that came under attack on September 11. The United States Department of Housing and Urban Development appropriated \$2 billion to fund the Lower Manhattan Development Corporations initiatives.

Recovery Needs:

The World Trade Center attacks resulted in a staggering loss of life and extensive physical destruction to Lower Manhattan. Approximately 30 million square feet of commercial space was damaged or eliminated, and seven buildings in the World Trade Center site were completely leveled. Critical transportation infrastructure was disrupted or obliterated, including the PATH station, the 1/9 subway line and sections of Route 9A and Church Street. Vehicular access to the area south of Canal Street was prohibited for seven days. As a result of the tragedy, residential occupancy rates in the immediate region dropped to 60%, over 100,000 jobs were displaced, and small and large businesses struggled to maintain viability.

Activity Description:

WTC JOB CREATION AND RETENTION PROGRAM --- The WTC Job Creation and Retention Program (JCRP) offers grants to assist firms with 200 or more employees that were displaced from their workspace for at least one month after 9/11, as well as other affected firms, and firms willing to create new jobs in the downtown area. JCRP is managed by ESD in cooperation with NYC EDC in accordance with a Final Action Plan and an Amended Action Plan accepted and approved by HUD. Assisted companies are required to maintain jobs in New York City for a minimum of ten years. Decisions as to whether to provide assistance and how much to offer are evaluated on an individual case basis based upon an assessment of the economic value of the project to New York City, risk, location, and size of workforce. In addition, there is assistance for projects for the adaptive reuse of available space to meet the needs of firms with specialized requirements in industries offering substantial job creation potential to the area south of Canal Street.

Empire State Development (ESD) has been drawing on LMDC's \$143 million sub-allocation since August 2003.

TOTAL COST OF PROGRAM. ESDs Action Plans allocate \$175 million to WTC JCRP. This \$143 million was allocated to the program by LMDC through Partial Action Plan 2 (this was subsequently reduced by \$7 million), bringing the total program fund to \$318 million.

Location Description:

South of Canal Street

Activity Description:

SMALL FIRM ATTRACTION AND RETENTION GRANT PROGRAM (SFARG) --- The Small Firm Attraction and Retention Grant Program (SFARG) was an initiative designed to assist businesses and not-for-profit organizations with 200 or fewer employees located south of Canal Street in Lower Manhattan. SFARG provided cash grants to eligible entities that committed to leasing space and employing people south of Canal Street for a minimum of five years. The program provided assistance ranging from \$3,500 to \$5,000 per employee. Businesses that were located south of Canal Street as of September 11, 2001 and committed to stay downtown at least 5 years could also qualify for the program.

The final application deadline was June 2005. Applications for initial SFARG disbursements are no longer being accepted. Partial Action Plan 2 as amended on September 27, 2006 reduced the funding for SFARG by \$21 million from \$50 million to \$29 million.

Location Description:

The area on the south side of the line beginning at the intersection of the Hudson River with the Holland Tunnel, and running thence east to Canal Street, then running along the centerline of Canal Street, to the intersection with Rutgers Street, and thence running along the Centerline of Rutgers Street to the East River.

Activity Progress Narrative:

No payments or recoveries were made this period. A final determination of this program is not expected until the end of 2015.

Match Contributed	\$0.00	\$0.00

Activity Description:

PROGRAM BACKGROUND: Columbus Park is a heavily used neighborhood park bounded by Baxter, Bayard, Mulberry, and Worth Streets. Bayard and Mulberry Streets are characterized by low-rise residential buildings with small-scale ground floor retail. Baxter and Worth Streets are dominated by Chatham Towers, a high-rise middle-income apartment complex, and the large institutional buildings of the City's Civic Center. The park is the main place for outdoor recreation for adults and children in Chinatown. A wide variety of community-based organizations program recreational activity in the park, including volleyball, basketball, Asian table games, and tai chi. The pavilion was fenced off five years ago when decay of the building infrastructure created safety hazards.

PROGRAM DESCRIPTION: LMDC allocated \$998,571 for the Renovation of the Pavilion in Columbus Park. The project includes rehabilitation to address the decay of the buildings infrastructure. The project expands on recent renovation efforts by the Parks Department and proposes the creation of new community space in the lower level of the pavilion and the refurbishment of the upper loggia for recreational programming. In addition, the project will eliminate barriers and promote accessibility for people with disabilities.

PROPOSED BENEFICIARIES: The renovation of the pavilion at Columbus Park has been deemed essential to maintain the overall quality of the park: (1)Rehabilitation of the pavilion will open a structure that has been closed for five years, free up scarce outdoor space for other activities, and rehabilitate a community eyesore. (2)There is a need for public space in Lower Manhattan to replace public space lost in the destruction of the World Trade Center complex. (3)Community District 3, where the park is located, has a population of 164,407 as of the 2000 Census. There is a scarcity of recreational space with only 0.73 acres of parkland per 1,000 people compared with the average of 1.7 acres per 1,000 people for Manhattan overall and the minimum ratio of 1.5 acres per 1,000 people prescribed by the Environmental Quality Review. (4)The only other Major Parks (defined by City Planning to be parks of 9 acres or more) on the east side of Lower Manhattan are City Hall Park and the East River Park. City Hall Park does not have community recreation space. The East River Park is difficult to access for residents in the Chinatown area.

SELECTION OF BENEFICIARIES: The renovation of Columbus Park will play a key role in the revitalization of Chinatown. (1)The park serves as an important entrance point to Chinatown linking the civic center with the retail and residential areas.(2)The park is located across the street from the main community building, which houses the only museum in Chinatown as well as one of the largest senior centers. (3)The park is located one block away from Mott Street, the main restaurant district in Chinatown. (4)The Parks Department estimates that the rehabilitation of the pavilion, the restoration of existing facilities for public use, and the establishment of new sheltered and indoor space will allow for an increase in park usage of 36,000 users, better serving the growing population of this neighborhood. Columbus Park predominantly serves low and moderate income households. The area immediately surrounding Columbus Park includes the zip codes 10002 and 10038. Per the U.S. Census Bureau, Census 2000, over 60% of the households in this area earn less than 80% of New York median income.

ALLOCATIONS IN PAP: In March 2003, PAP 3 allocated a total of \$428,571 for this project. It was then amended in September 2005 for an additional \$570,000 with a total of up to \$998,571.

Location Description:

Columbus Park is bounded by Baxter, Bayard, Mulberry, and Worth Streets.

Activity Progress Narrative:

This project has been completed. No additional payments have been made. We are still awaiting the final reimbursement request from the New York City Department of Parks and Recreation.

Activity Description:

PROGRAM DESCRIPTION: In April 2010, the LMDC Board authorized an amendment to Partial Action Plan 4 to add \$95,000. The authorization brought the total amount of funding allocated to the New York Stock Exchange Security and Streetscape program to \$25,255,000, of which \$160,000 is for costs associated with environmental review and \$25,095,000 is to plan and oversee the construction of the Program. The amendment to Partial Action Plan 4 was approved by HUD on August 5, 2010. The Program includes the installation of security barriers and guard facilities; the repaving of the Broadway intersections at Wall Street and Exchange Place; the installation of Eurocobble along Broad Street between Wall Street and Exchange Place; and the placement of NoGo bollards. Phase One of the project also includes the installation of a set of turntables at the intersection of Broad and Beaver Streets and the addition of new and more attractive street furniture to facilitate pedestrian circulation and enjoyment of the Financial District. Phase Two of the project continues with the critical improvements begun in Phase One and focuses on the next step of improving the public realm. The improvements support and enhance the Financial District as a competitive location for businesses and residents. Phase Two improvement include a second set of turntables at the intersection of Wall and William Streets to replace the existing clamshell devices, expanded use of EuroCobble along Wall Street between New and Willam Streets and along Broad between Wall and Beaver Streets, the introduction of interpretive historical elements along Wall and Broad Streets, plaques and markers explaining the relevance of the historical interpretive elements, and a raised pedestrian zone at the corner of Exchange Place and Broad Street. Phase I and Phase II were substantially completed in the fourth quarter of 2009. The City of New York is planning the installation of two interpretative bollards in the area as part of this project.

PROGRAM OBJECTIVE: The objective of the New York Stock Exchange Area Security and Streetscape Program is to provide the utmost security for the Stock Exchange area, and to ensure that the environment is aesthetically conducive for the people that work and live in the Financial District. Securing the area has long been a priority for New York City and New York State. The proposed improvements will serve to make the Financial District a competitive location for businesses and an attractive place for residents.

PROPOSED BENEFICIARIES: This project would benefit residents, workers, businesses, not-for profits, and visitors to Lower Manhattan. This project would also serve to benefit the many visitors to the area by providing for aesthetic improvements to the public realm. The number of persons benefiting annually is based on a 2006 economic analysis report produced by The Louis Berger Group, which determined that there were approximately 39,451 residents in the New York Stock Exchange Area, 104,850 workers in the Area, and 2 million visitors annually to the Area.

SELECTION OF BENEFICIARIES: The Stock Exchange Area, much like the rest of Lower Manhattan is a neighborhood in flux, these improvements to the security and aesthetics of the streets will allow for a healthier growth and greater quality of life for both residents and employees of the areas businesses.

Location Description:

PROJECT AREA-- The project area for the New York Stock Exchange project is generally bounded by Broadway to the west, Pine Street to the north, William Street to the east, and Beaver Street to the south.

Activity Progress Narrative:

This project was substantially completed in 2009. LMDC staff has continued working with New York City staff to process reimbursement requests. During this past quarter, two reimbursement requests totaling approximately \$1.5 million were processed and paid.

Activity Description:

PROJECT DESCRIPTION: LMDC has allocated \$49,981,689 for the Neighborhood Parks And Open Spaces program in Lower Manhattan. The first phase of the Open Spaces program began in 2003 and includes improvements at Wall Street Triangle, Coenties Slip, Old Slip, Washington Market Park, Tribeca Park, Battery Park Bosque, Drumgoole Plaza, Brooklyn Bridge Plaza, Columbus Park, Sara D. Roosevelt Park, Bowling Green, Al Smith Playground, and the East River Park ball fields. New Parks and Significant Enhancements - Wall Street Triangle has been significantly greened with planting beds, flowering trees, and an expanded sidewalk. The Coenties Slip project created a permanent public space from an unused roadbed. The Battery Bosque is a newly designed portion of an existing park that now includes an ornamental garden, evening lighting, and a fountain. The Bosque complements other improvements in Battery Park such as the renovation of historic Castle Clinton. The Brooklyn Bridge Plaza and Drumgoole Plaza projects removed parking spaces and replaced traffic barriers to expand and improve the public space. Major Rehabilitations - The Central Lawn of Washington Market Park, a major destination in a heavily residential neighborhood, was reconstructed with new turf and an irrigation system. Bowling Green, America's first park was completely refurbished. Portions of Columbus Park have been reconstructed and new amenities in this heavily used Chinatown park include benches, game and picnic tables, drinking fountains, and lighting. The East River Park project reconstructed ball fields. --The second phase of parks capital improvements began in 2006 and include: Washington Market Park Comfort Station, Collect Pond Park, Sara D. Roosevelt Phase 2, Allen and Pike Street Malls, James Madison Park, Battery Park, and Canal Varick Lighthouse Park. PROJECT SUPPORT AND OUTREACH: Community Board 1 contributed insight into residents' needs for the area at meetings and through written correspondence. Input was solicited and received from organizations such as the Alliance for Downtown New York, the Real Estate Board of New York, and the Association for a Better New York, the Partnership for New York City, Wall Street Rising, and the American Institute of Architects. Major area firms and property owners were also consulted to determine specific needs and ways to facilitate and sustain economic growth. The City of New York Mayor's Office compiled input from a number of sources and a range of constituencies, determining areas of overlap and greatest need. PROPOSED BENEFICIARIES: The creation of open spaces and neighborhood parks will provide public facilities that add to the quality of life for all communities in lower Manhattan and draw residents and visitors to the area, which will also contribute to the rehabilitation of Lower Manhattan. These projects will provide immediate relief to Lower Manhattan residents, businesses, workers, students, and visitors by improving accessibility in and around Lower Manhattan and enhancing the quality-of-life in Lower Manhattan, making this a more attractive place to live, work, and visit. Community Board 1 and 3 comprise the proposed Lower Manhattan project area. Community Board 1 has the highest population growth rate of the city's 59 community boards, with increases of 100%, 59%, and 35%, over the last three decades respectively. According to the 2000 Census, the population is 34,420 residents, with over 6,791 families. A dire need for additional parks has repeatedly been identified by Community Board 1 in its annual Statement of Needs, particularly on the district's east side where virtually no park space is available. In addition to its growing residential population, the area hosts hundreds of thousands of tourists annually, making improved public spaces essential to the sustainability of the area. In contrast, further east, Community Board 3 consists of predominantly low- and moderate-income households and has the third lowest median income in Manhattan. Community Board 3 has a long tradition of ethnic, economic, and cultural diversity and with a population of 164,407 according to the 2000 Census is one of the City's most densely populated areas. The need for additional parkland and the rehabilitation of existing parks has been identified as a high priority of the Community Board. Enhanced parks and new green spaces across the residential communities throughout Lower Manhattan will serve as a catalyst for the redevelopment of Lower Manhattan by providing public facilities for local workers, a draw for businesses, and an improvement in the quality of life for downtown's growing residential population. They will also provide a significant destination for visitors by capitalizing on downtown's magnificent waterfront setting, unique architectural character, and important historical context.

Location Description:

Wall Street Triangle- Wall Street, Pearl and Water streets; Coenties Slip- Coenties Slip, Pearl and Water streets; Tribeca Park- Beach Street, 6th Ave, and Ericsson Place; East River Park Ballfields- Montgomery-Houston Street and FDR drive; Drumgoole Plaza- Frankfort and Gold Streets; Brooklyn Bridge Plaza- Avenue of the Finest, Frankfort St, and Park Row. Improvement will be made up to Chatham Square; Sara D. Roosevelt Park- Forsyth, Canal, Chrystie, and E. Houston; Bowling Green- Broadway and Whitehall Street; Al Smith Playground- Catherine, Madison, to Oliver Street; Washington Market Park- Greenwich and Chambers Streets; Old Slip- Old Slip, Water, and FDR; Louise Nevelson Plaza - Maiden Lane, Liberty St, William St. PHASE 2: Lower Manhattan, bounded by West Street to the west, the East River to the east, and generally between the Brooklyn and Manhattan Bridges. The Allen and Pike Street Malls extend from the East River, up along Pike Street to Canal Street, where they become the Allen Street Malls and extend northward to Houston Street.

Activity Progress Narrative:

All work has been completed on Canal Varick Light Park, Sarah D. Roosevelt/Hester Street Playground, and Washington Market. All contract work has been completed on Allen Street/Pike Street and James Madison Plaza with ongoing punch list work expected to be finished by Spring 2015. On the Battery Carousel Project, the subcontractor continued installation of hex pavers around pavilion and the main pathway contractor is also coordinating with the Bikeway Contractor, allowing access for new planting at Carousel. A New light ring has been installed. Communication among all relevant parties regarding the production schedule of new fish figures and lighting equipment is ongoing.

Processing of approximately \$5 million in reimbursement requests is still delayed as we await the resolution of reporting issues.

Activity Description:

--WEST STREET PEDESTRIAN CONNECTIONS-- This project constructed a temporary pedestrian bridge near the intersection of Vesey and West Streets and provide enhancements to the current bridge and walkway at Liberty Street. This improvement fostered safe pedestrian flows across West Street, as well as handled the expected high volumes of pedestrians that use this crossing daily since PATH service were restored in December of 2003. The former North Bridge, which connected the World Trade Center site to the World Financial Center, was entirely destroyed by the terrorist attacks on September 11, 2001. This bridge was a major connection between the World Trade Center PATH Terminal (which served an estimated 67,000 in-bound PATH riders daily before it was destroyed on September 11, 2001) and the heavily utilized offices at the World Financial Center. During peak hours, 6,000 people per hour utilized the pedestrian bridge prior to September 11th. Since the attacks, the number of pedestrians crossing West Street at the Vesey Street intersection has steadily recovered from levels immediately after the attacks, and it is expected that as the area around the World Trade Center recovers, these numbers will continue to rise. As PATH riders arrive at the World Trade Center and cross West Street to reach the World Financial Center, a replacement for the destroyed bridge was needed in order to safely and efficiently serve the estimated 6,500 pedestrians that would utilize the West Street-Vesey Street intersection hourly. This project benefited businesses, workers, residents, and visitors in Lower Manhattan. In 2010, an amendment to Partial Action Plan 4 expanded the scope of the West Street Pedestrian Connections project to include pedestrian management services in order to mitigate the impact of construction on and around West Street including World Trade Center construction.

--ALLOCATIONS IN PARTIAL ACTION PLAN--The estimated cost included in Partial Action Plan 4 is up to \$ 22,955,811.

Location Description:

Liberty Street at West Street and Vesey Street at West Street in Manhattan.

Activity Progress Narrative:

The Battery Park City Authority has completed its pedestrian managers program along West Street. A new pedestrian tunnel is now open under Route 9A that connects the World Trade Center PATH station with the World Financial Center. No payments were made during the quarter but all invoices were received and are ready to be processed. This program will conclude upon payment of these invoices.

Activity Description:

LOWER MANHATTAN INFORMATION PROGRAM--LMDC proposes to allocate \$1,270,000 for the Lower Manhattan Information Program (LowerManhattan.info) for an additional year of funding from 2004 through 2005. In Partial Action Plan 5 LMDC allocated \$1,300,000 for the LowerManhattan.info, bringing agregage amount allocated to \$2,570,000. LowerManhattan.info provides people who live in, work in, and visit Lower Manhattan with a single source of essential news and information about the area and its recovery. It is led by the City of New York in partnership with the LMDC, New York State, and the federal government in conjunction with partner agencies and organizations at the local, state, and federal level. In the months following the attacks of September 11th, information about the area's recovery was widely available; however, many of Lower Manhattan's residents and workers did not feel that it was reliable. Moreover, there was no one place where people could turn for a comprehensive overview of available information. LowerManhattan.info was created in response to a significant demand for a credible, "one-stop" source of information regarding Lower Manhattan's recovery from the terrorist attacks of September 11th. In its first year, LowerManhattan.info was funded by the Federal Emergency Management Agency (FEMA), LMDC subsequently allocated funds to support this project in Partial Action Plan 5 during its second year. In this Partial Action Plan, LMDC proposes to allocate funds for an additional year. While Lower Manhattan continues to undergo its redevelopment, revitalization, and transformation into a 21st Century central business district and 24/7 mixed-use community, there is a continuing demand for constant and consistent communications outreach. LowerManhattan.info's aim remains to serve all those who live in, work in, and visit Lower Manhattan, below Houston Street. These communities are distinct and large, including neighborhoods stretching from Tribeca to Chinatown and Battery Park City to SoHo, as well as businesses ranging from Fortune 500 companies to small technology start ups to owner run corner delis. Moreover, LowerManhattan.info also aims to serve Lower Manhattan's culturally diverse populations by its availability in English, Chinese and Spanish. As a government agency, LMDC has its own website www.renewnyc.com that communicates the day-to-day activities of the rebuilding efforts as they relate LMDC activities. This includes all public documents relating to the Environmental Review Process, Board Meetings, outreach to family members and a general archive of past and present initiatives and public meetings. However, unlike LMDC's website, LowerManhattan.info focuses on how redevelopment projects affect Lower Manhattan residents and employees as well as puts forth a comprehensive newsletter and website involving all aspects of living and working in Lower Manhattan, not just LMDC initiatives. Program Objectives LowerManhattan.info is an integrated campaign designed to deliver information on the rebuilding of Lower Manhattan. The centerpiece of the program is a comprehensive website, www.LowerManhattan.info, which offers regularly updated news and information for area residents, workers, and visitors. Topics include rebuilding plans and progress; transportation and transit; health, safety, and security; downtown business; community involvement opportunities; things to do; and Lower Manhattan history. The site receives approximately 4,000 visitors daily, with 130,000 visitors reported in September 2004 alone. LowerManhattan.info also integrates construction information into its website. Other information vehicles issued through the public information program include a quarterly color newsletter (increasing production to 250,000 from 200,000 per issue) which is distributed directly to more than 400 Lower Manhattan businesses, community organizations, schools, city agencies, and cultural institutions, along

Location Description:

Manhattan south of Houston Street.

Activity Progress Narrative:

During the fourth Quarter of 2014 no reimbursement requests were submitted and no payments were made. This project has been completed and LMDC awaits further information from the City of New York as to whether or not additional invoices will be presented for review.

Activity Description:

WTC MEMORIAL AND CULTURAL PROGRAM/130 LIBERTY--LMDC, a subsidiary of the Empire State Development Corporation (a political subdivision and public benefit corporation of the State of New York), undertook, pursuant to the New York State Urban Development Corporation Act (UDC Act) and in cooperation with the HUD and the Port Authority, the World Trade Center Memorial and Cultural Program (the Memorial Program) as part of the implementation of the WTCMR Plan. LMDC will implement the Memorial Program which includes the planning, selection, coordination and construction of a memorial, memorial center, and the planning and possible construction of memorial-related improvements, and museum and cultural uses on the WTC Site and adjacent areas to complement the redevelopment of commercial office space, retail space, conference center and hotel facilities, open space areas, and certain infrastructure improvements by the Port Authority, the owner of the WTC Site. The planning process includes other appropriate public and private entities.--LMDC and Port Authority Roles--LMDC will be responsible for overseeing the implementation of the memorial, memorial center, interpretive museum, and cultural uses that comprise the Memorial Program, while the Port Authority will be responsible for the commercial, retail, conference center and hotel facilities, open space areas, and infrastructure components of the WTCMR Plan to be located at the WTC Site. LMDC and the Port Authority will cooperate in developing a plan for implementation of the components of the WTCMR Plan to be located outside the WTC Site. LMDC is responsible for conducting coordinated environmental reviews of the combined WTCMR Plan.--In carrying out the Memorial Program, LMDC conducted an international competition for the selection of the memorial design. LMDC provided initial funding for the design, development, and construction of the memorial, planned for memorial-related improvements and museum and cultural facilities and uses, and will oversee the overall implementation of the memorial as well as the museum and cultural programming and possibly, elements of the WTCMR Plan, including all required coordination with HUD, the Port Authority, the State of New York, the City of New York and other public and private entities. LMDC will also be involved in the coordination of the Memorial Program with the plans and implementation schedule for the WTCMR Plan.--PROJECT AREA--The Project Area is located in Lower Manhattan on two sites: (i) the WTC Site, an approximately 16 acre super-block, bounded by West, Vesey, Church, and Liberty Streets; and (ii) the adjacent two city blocks south of the WTC Site, one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets, and a portion of Liberty Street between those parcels and the WTC Site (collectively, the Southern Site).--Specific parcels potentially to be acquired consist of (a) 130 Liberty Street, on which the Deutsche Bank building is situated (the 130 Liberty Site), (b) 155 Cedar Street, on which the St. Nicholas Church was situated (the Church Site), and (c) 140 Liberty Street, (the Milstein Site). All of the structures situated on these parcels were destroyed severely damaged on September 11, 2001. The acquisition of the Church Site and the Milstein Site, are the subject of a subsequent partial action plan. -- ACQUISITION AND ASSOCIATED COSTS--The Deutsche Bank building at 130 Liberty Street was severely damaged on September 11, 2001 and remained unoccupied afterward. Consistent with Partial Action Plan 7, LMDC acquired the Building from Deutsche Bank on August 31, 2004, and undertook its deconstruction. -- LMDC acquired the 130 Liberty Site pursuant to a mediated settlement agreement among Deutsche Bank, two of Deutsche Bank's insurers of the building (Prior Insurers), and LMDC. Under the agreement, LMDC initially paid \$90 million to Deutsche Bank for title to the 130 Liberty Site and LMDC was responsible for certain costs associated with the remediation and deconstruction of the Deutsche

Bank building, up to \$45 million. LMDC initially projected approximately \$25-\$29 million in additional costs in connection with the remediation and deconstruction of the Deutsche Bank building. These additional costs related to, among other things, the procurement of pollution liability insurance, the retention of an entity to serve as LMDC's representative in the day-to-day management of the remediation and deconstruction process, the undertaking of additional environmental review, testing, and monitoring during the deconstruction process, and legal and other transaction fees and expenses. Other expenditures included consultant fees and costs associated with the required public notices and public outreach for the acquisition of property and continuation of the environmental review process. Accordingly, LMDC initially expected to pay an aggregate of \$164 million for all costs associated with acquiring title to 130 Liberty Street and the remediation and deconstruction of the Deutsche Bank building, which together would create a parcel ready for redevelopment. ---AMENDMENT TO PROJECTED COSTS ASSOCIATED WITH PROPERTY ACQUISITION ---Following the approval of the Partial Action Plan 7 and consistent with the mediated settlement, LMDC entered into agreements with the Prior Insurers and with Deutsche Bank that realized the transactions and provided for a \$45 million cap on LMDC's cost of deconstruction, demolition, and related cleaning and disposal (subject to certain exceptions). Specifically, a Demolition Cap Agreement provided, among other things, that the Prior Insurers shall pay all incremental costs above the \$45 million cap, to the extent those incremental costs are necessary to comply with the legal requirements applicable to the cleaning and removal of hazardous materials related to September 11, 2001. In addition, after acquiring the building on August 31, 2004, LMDC entered into a contract with Gilbane Building Company to clean and deconstruct the building. LMDC engaged environmental consultants to conduct independent environmental testing and characterization of the Building. The testing and characterization initial results were released on September 14, 2004. On December 13, 2004, LMDC and Gilbane Building Company issued a Draft Phase 1 Deconstruction Plan. The Plan was released publicly and submitted to the appropriate regulatory agencies for comment. This initial draft Deconstruction Plan was prepared in response to the Initial Building Characterization, and with direction from the New York State Department of Labor. Based on comments provided by regulatory agencies, including specific comments delivered on January 31, 2005, a revised deconstruction plan to the regulators. After the revised Deconstruction Plan was approved by the regulators, gross cleaning and deconstruction commenced. The projected increase in project costs reflects anticipated changes to the scope of the cleaning and deconstruction resulting from environmental testing, comments received from regulatory agencies, and revised projected costs provided by the contractor. --Based on the additional information regarding the characterization of material in the building and the related legal requirements, additional cleaning and deconstruction work, resources, and services were needed, including added remediation and mitigation measures, additional construction management, additional legal services, additional environmental consulting services, and enhanced integrity monitoring. --Although the amended allocation is intended to cover costs associated with the additional work and resources, LMDC will seek to recover all such incremental deconstruction costs attributable to the application of legal requirements applicable to the cleaning and removal of hazardous materials. This recovery effort necessitates the assistance and representation of environmental, real estate, and litigation counsel in order to ensure the comprehensive and aggressive pursuit of contractual and legal avenues available to LMDC. The increased allocation will allow work to proceed on the deconstruction while LMDC pursues recovery of the funds. Therefore, LMDC anticipates that these funds will be used only to fund the work during this interim period and that the increased expenditures that are the result of legal requirements will be substantially recovered.--PROJECT OBJECTIVES--The rebuilding of the Project Area as a mixed-use center of commerce, public spaces, and culture, with the memorial at its heart, will advance the goals of the UDC Act, the objectives developed by LMDC and the goals articulated by the Governor of the State of New York and the Mayor of the City of New York to remember and honor the victims of the September 11, 2001 and February 26, 1993 terrorist attacks while revitalizing Lower Manhattan. The acquisition of real property that is blighted and deteriorated is essential to the realization of the redevelopment of the Project Area.--The memorial will ensure that future generations never forget the thousands of people who died on September 11, 2001 in New York, in Shanksville, Pennsylvania and at the Pentagon in Virginia, as well as those who died in the terrorist bombing of the World Trade Center on February 26, 1993. The memorial will be set in a context that bustles with the activity of Lower Manhattan, yet provides a quiet and respectful setting for remembrance and contemplation. Family members of victims and visitors from around the world will come to the Project Area to learn about the events of September 11, 2001 and February 26, 1993 and to remember those who died and those whose lives were changed forever. --Revitalizing Lower Manhattan--The initial conditions of the Project Area were substandard and unsanitary under the UDC Act and impaired the sound growth and development of Lower Manhattan. In addition, there is a need for the development of cultural, recreational, community and other civic facilities in Lower Manhattan.--Restoring the Project Area as a functioning part of Lower Manhattan is a priority objective for this project. This project is intended to eliminate the blighting effects resulting from the events of September 11, 2001, and to re-establish the Project Area as a locus of commerce, civic space and amenities, including appropriate commercial and retail uses, as well as supporting facilities, utilities and infrastructure, for the downtown area. While Lower Manhattan is a center of world finance and a major economic engine for the entire region, it has also become the fastest growing residential neighborhood in New York City and a major destination of regional, national and international travelers. For these reasons, revitalization of Lower Manhattan should include cultural and other amenities that help make the area a lively environment all day, every day.--The long-term presence of an essentially empty, excavated space in the heart of New York's financial district would become a blight that makes the area less attractive for businesses, residents and visitors. It is important to the economy of New York City that, as business leases in Lower Manhattan come up for renewal, businesses will have confidence that the Project Area will be redeveloped as quickly as possible to reduce its blighting effect on the immediate area.--BENEFICIARIES--The thousands of relatives and friends of the

nearly 3,000 victims of September 11, 2001 and February 26, 1993 will benefit from the memorial to their loved ones. Others immediately affected by the events, including survivors, area residents and workers, will equally benefit from the project. This project will also benefit businesses, workers, residents, and visitors throughout Lower Manhattan.--SCHEDULE--Activities related to the acquisition and deconstruction of property would occur in 2004 and 2005. The full implementation of the Memorial Program would begin in 2004 and extend through 2015. --FEDERAL AND OTHER RESOURCES-- The total estimated cost for this portion of the World Trade Center Memorial and Cultural Program was \$164 million in the initial Partial Action Plan 7. Amendments to Partial Action Plan 7 provided for an additional \$75,539,780.00, increasing the allocation to \$239,617,180.00. in Partial Action Plan 7. Amendments to Partial Action Plan S-2 provided for an additional \$52,500,000, bringing the total HUD CDBG allocation to this project to \$292,117,180. A settlement agreement with the Prior Insurers resulted in a contribution of \$102,356,152 to the project and a settlement agreement with Deutsche Bank resulted in a contribution of \$3,800,000 to the project. LMDC is seeking further recovery of project costs from the general contractor that performed the deconstruction, Bovis Lend Lease.

Location Description:

The Project Area is located in Lower Manhattan on two sites: (i) the WTC Site, an approximately 16 acre super-block, bounded by West, Vesey, Church, and Liberty Streets; and (ii) the adjacent two city blocks south of the WTC Site, one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets, and a portion of Liberty Street between those parcels and the WTC Site (collectively, the Southern Site).-- Specific parcels acquired consist of (a) 130 Liberty Street, on which the Deutsche Bank building is situated (the 130 Liberty Site), (b) 155 Cedar Street, on which the St. Nicholas Church was situated (the Church Site), and (c) 140 Liberty Street. All of the structures situated on these parcels were destroyed or severely damaged on September 11, 2001. The acquisition of the Church Site and the Milstein Site, are the subject of another partial action plan.

Activity Progress Narrative:

During the third fourth of 2014, the Port Authority of New York and New Jersey continued to use the northern portion of the site to conclude their work on the construction of the below grade Vehicular Security Center and elevated Liberty Park which are vital components of the World Trade Center site. The southern-most portion of the site is now being used on a temporary basis as a public plaza.

With the help of the Alliance for Downtown New York (the Alliance), tables, chairs, benches and additional planters have been placed on the site for public use as the Alliance contemplates other programming that would further benefit residents, workers and visitors to the area. A farmers&rsquo market was set up on the site each Tuesday much to the delight of lower Manhattan residents and workers. The site has been activated on a temporary basis until more permanent plans are implemented.

All funds in this category have been expended.

Activity Description:

PROJECT DESCRIPTION--LMDC plans to acquire certain real property immediately south of the World Trade Center in order to implement the World Trade Center Memorial and Cultural Program. In addition to the World Trade Center Site, the Project Site for the approved World Trade Center Memorial and Redevelopment Plan comprises several parcels of land just south of the World Trade Center Site, collectively referred to as the Southern Site. LMDC acquired one of the parcels (130 Liberty Street) in August 2004 through funds from Partial Action Plan 7, acquired another parcel (140 Liberty Street) in February 2006 through funds from Partial Action Plan 9, and plans to acquire two other parcels, along with the underground portions of adjacent streets necessary for infrastructure: (1) 155 Cedar Street, the location of the St. Nicholas Greek Orthodox Church prior to September 11th; and (2) the portion of Washington Street between Cedar and Liberty Street, a public New York City street that has been closed since September 11th. These parcels along with 140 Liberty Street form the western portion or "remainder" of the Southern Site. This area will serve as open space at grade, space for a new St. Nicholas Greek Orthodox Church, and allow critical infrastructure to be built and connected to the WTC Site below grade.--The costs include all costs associated with acquisition of the property necessary for the implementation of the WTC Plan, particularly the construction of the Memorial and Cultural Program. Allowing for the integration of the Southern Site into the WTC Plan will permit construction of new open space, subgrade truck security, and underground bus parking as well as reduction of density on the WTC Site that will permit reservation of sufficient space for the proposed memorial and cultural facilities on the WTC Site itself. Projected costs include services of legal and other consultants to examine the property, hold hearings, issue notices, make findings, obtain insurance, and prepare documents as may be appropriate. -- The activities relating to the Memorial Program, as outlined in this Partial Action Plan, may involve condemnation of one or more parcels on the Southern Site, requiring a prior public hearing under New York State Eminent Domain Procedure Law where public input will be solicited. LMDC's Board of Directors shall review and consider the record of such hearing, together with any documents or written comments submitted in connection with the proposed condemnation. After Board review of such documents, LMDC would

proceed to condemn the property if, and only if, the Board then authorizes such condemnation proceedings. AMENDMENTS TO ACQUISITION OF REMAINDER OF SOUTHERN SITE--Partial Action Plan 9 as amended was approved by HUD on October 6, 2005. LMDC proposed the allocation of an additional \$20,000,000 for costs relating to the acquisition of real property for the Southern Site in order to implement the World Trade Center Memorial and Cultural Program, increasing the total allocation for this activity from to \$64,500,000. These additional costs result from (1) increases in the valuation of the land at 155 Cedar Street, at 140 Liberty Street, and Washington Street between Cedar and Liberty Streets, and (2) the addition of interests in below-grade portions of Cedar and Liberty Streets adjacent to the privately-owned land. Otherwise, the categories of costs remain the same: acquisition of real property; real estate appraisal services; legal services; public hearings, notices and advertisements; insurance. BENEFICIARIES--The thousands of relatives and friends of the nearly 3,000 victims of September 11, 2001 and February 26, 1993 will benefit from the memorial to their loved ones. Others immediately affected by the events, including survivors, area resident and workers, will equally benefit from the project. This project will also benefit businesses, workers, residents, and visitors throughout Lower Manhattan. ESTIMATED COST--The total estimated cost for this portion of the Memorial Program is not to exceed \$63,000,000, as outlined in the approved amendments to Partial Action Plan 9.

Location Description:

LOCATION--(1) 155 Cedar Street where the St Nicholas Greek Orthodox Church was located prior to September 11th; (2) 140 Liberty Street where an outdoor parking lot was located prior to September 11th; and (3) the portion of Washington Street between Cedar and Liberty Street, which is a public New York City street. These three parcels form the western portion or remainder of the Southern Site.

Activity Progress Narrative:

During the fourth quarter 2014, LMDC followed-up on steps taken to effectuate the transfer to the Port Authority of certain of the World Trade Center Site properties. These properties included portions of the 130 and 140 Liberty Street parcels which are part of what is known as the "Southern Site" and include a below grade Vehicle Security Center, an elevated public park (Liberty Park), and a site for the St. Nicholas Greek Orthodox Church (together the "VSC Parcels"). LMDC had drafted closing documents in furtherance of the transfer and is awaiting comments from the Port Authority so we can complete the transfer of the "VSC Parcels" to the Port Authority.

Any and all WTC Site property transfers will be conducted in accordance with LMDC's General Project Plan for the World Trade Center Memorial and Cultural Program dated June 2, 2004, and most recently amended on February 14, 2007, and in compliance with the New York State Public Authorities Accountability Act, the UDC Act, and with all necessary Public Authorities Control Board approvals. While funds remain available for costs associated with these and other World Trade Center property transfers, all funds in this activity have been accounted for with the final amount expected to be processed and paid in January 2015.

Match Contributed	\$0.00	\$0.00

Activity Description:

LMDC allocated \$60,004,000 for the planning and development of the World Trade Center Performing Arts Center. This proposed cultural building on the rebuilt WTC Site will provide a variety of important uses as part of the overall redevelopment plan. The Performing Arts Center will help create a world class visitor destination that will contribute to the economic development of the site and the area, while improving the quality of life for those who live and work in Lower Manhattan. Programming will be broad and diverse, and will serve both businesses and residents. The Performing Arts Center is proposed to contain a 1,000 seat theater venue that under its current design will house the Joyce Theater as well as a 200+ seat second theater. Public spaces and activities that will be part of the Performing Arts Center could include educational programs for school groups and community workshops. The Performing Arts Center is also expected to house significant rehearsal space for both in house rehearsals as well as for the large arts community in New York and specifically in Lower Manhattan. The work on the Performing Arts Center, which began in 2004, is continuing and includes activities such as planning, determination of subgrade requirements, and coordination with the Port Authority of New York and New Jersey on the WTC site.

In November 2010, the LMDC Board allocated an additional \$100 million in Grant #2 for PAC construction costs and PAC-related strategic planning efforts in the near future. Approximately \$1 million would be used to support (i) the creation and administration of a non-profit entity dedicated to the PAC (PAC, Inc.) that would be governed by a Board of Directors and operate with some key staff, and (ii) strategic planning costs related to further study and development of the PAC. The bulk of the allocation, \$99 million, would be used for the future construction costs of the PAC, subject to successful achievement of strategic planning milestones before the end of calendar year 2011, which must include (i) the creation of the non-profit PAC, Inc., (ii) the constitution of a PAC, Inc. Board of no less than five members, and (iii) funding of at least \$25 million committed by those PAC, Inc. Board members. It is contemplated that the PAC, Inc. Board would later raise additional private funds to supplement the federal funds being committed by LMDC.

Location Description:

PROJECT AREA--The WTC Plan Project Area is located in Lower Manhattan on two sites: (i) the WTC Site, an approximately 16 acre super block, bounded by West, Vesey, Church, and Liberty Streets; and (ii) two adjacent city blocks south of the WTC Site (one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets), Washington Street between Liberty and Cedar Streets, and subsurface portions of Liberty Street and other streets in and around those blocks (collectively, the "Southern Site").

Activity Progress Narrative:

During the period the Performing Arts Center team prepared for the next phase of the design process. Over \$559,000 in reimbursement requests under review last quarter were processed and paid. We received another reimbursement request for approximately \$195,000 which is under review. To date, over \$5.1 million has been paid towards this activity.

Activity Description:

--WORLD TRADE CENTER MEMORIAL AND MEMORIAL MUSEUM-- This project is part of the World Trade Center Memorial and Cultural Program, which also includes the Memorial Museum (W-MUS-0171), 130 Liberty Street (130L-0171), Southern Site (SSite-0171) and the Performing Arts Center (W-ART-0171). LMDC is committed to the development of an appropriate memorial and museum to commemorate the events of September 11. This program includes the planning and construction of a Memorial and Memorial Museum, and the planning and possible construction of memorial-related improvements and cultural uses at the Site. LMDC conducted an international competition on a Memorial design, and in January 2004 announced the selection of Reflecting Absence by Michael Arad and Peter Walker, two reflective pools set in the footprints of the WTC and surrounded by an open plaza of trees. LMDC and the National September 11th Memorial and Museum at the World Trade Center (Foundation) are engaged in a broad spectrum of activities contributing to the planning, design, and implementation of the Memorial and Memorial Museum. The funding provided by LMDC and its partners will be used for planning, design and construction of the Memorial and Memorial Museum. In addition, funding also provides for multimedia exhibitions, and three annual productions of Tribute in Light in 2012, 2013, and 2014. In the Tribute in Light production two beams of light rise from a site near the WTC site into the night sky to honor those lost on September 11th and to celebrate the spirit of all the New Yorkers who have worked to rebuild and renew New York City.

ALLOCATIONS IN PARTIAL ACTION PLAN FOR THE MEMORIAL AND MEMORIAL MUSEUM--

LMDC has allocated a total of upto \$323,231,972 for the National September 11th Memorial and Museum at the World Trade Center.

The allocation includes the following: Partial Action Plan 8 (\$64,921,972), Partial Action Plan 11 (\$75,000,000), Partial Action Plan 12 (\$100,000,000), Final Action Plan(\$45,810,000),and Partial Action Plan S-2 (\$37,500,000).

--BENEFICIARIES--The thousands of relatives and friends of the nearly 3,000 victims of September 11, 2001 and February 26, 1993 will benefit from the memorial and museum to honor their loved ones. Others immediately affected by the events,

including survivors, area residents and workers, will equally benefit from the project. This project will also benefit the thousands of visitors to the memorial and museum, which will allow them to honor those who were killed in the attacks. The memorial and museum will foster greater public awareness of the events of February 26, 1993 and September 11, 2001, and their impact on the victims' families, survivors, area residents, New York City, and beyond.

--SCHEDULE The Memorial opened on September 11, 2011 and the Museum opened on May 15, 2014. The Memorial and Cultural Program began in 2004 and extends into 2015, including the planning, design, and development of the cultural institutions on the site.

--FEDERAL AND OTHER RESOURCES--The Memorial and Memorial Museum are funded with a combination of public investment and private funds donated by individuals and groups to the National September 11th Memorial and Museum at the World Trade Center Foundation, Inc. (NS11MM). The NS11MM uses its own resources to engage in fundraising for both public sector and private sector funds, and individual donations, to accomplish its mission.

--TOTAL ESTIMATED COST--The total estimated LMDC cost for this activity, including funds provided in Partial Action Plans 8, 11, 12, S-2 and the Final Action Plan for ongoing design, construction, program planning, multimedia exhibitions, and Tribute in Light Productions is up to \$323,231,972.

Location Description:

--PROJECT AREA--The WTC Plan Project Area is located in Lower Manhattan on two sites: (i) the WTC Site, an approximately 16 acre super block, bounded by West, Vesey, Church, and Liberty Streets; and (ii) two adjacent city blocks south of the WTC Site (one bounded by Liberty, Washington, Albany and Greenwich Streets, and the other bounded by Liberty, West, Cedar and Washington Streets), Washington Street between Liberty and Cedar Streets, and subsurface portions of Liberty Street and other streets in and around those blocks (collectively, the "Southern Site").

Activity Progress Narrative:

During this quarter, three reimbursement requests for approximately \$7.2 million were received and are under review. One reimbursement request totaling approximately \$588K was processed and paid in this quarter. Another larger reimbursement for over \$3.4 million should be processed and paid in the upcoming quarter. Also, during this period the Memorial & Museum welcomed over 2.4 million visitors to the WTC Site. In 2014, the Memorial & Museum welcomed 6.1 million visitors to the 9/11 Memorial. Of those, nearly 2 million visited the museum, which opened in May that year.

Match Contributed	\$0.00	\$0.00

Activity Description:

PROGRAM DESCRIPTION: LMDC originally allocated \$10,420,000 and later reduced the authorization to \$9,420,000 to the East River Waterfront Access Program. The goal of the project is to connect the East River Waterfront to its closest Lower Manhattan neighborhoods of South Street Seaport, Chinatown, the Lower East Side, and East River Park. The program is critical to improving public access to and utilization of the waterfront area. The project would improve the east-west connection to the Waterfront by enhancing the historic slips of Catherine, Peck, Montgomery and Rutgers that were once an integral part of the working waterfront and today function only as city streets and roadbeds. Once a place to berth ships for repairs and maintenance, the slips have been filled in and leave a wide corridor between City blocks. The East River Waterfront Access project will redesign Catherine Slip, Rutgers Slip, and Montgomery Slips as median open spaces with unifying elements such as seating, paving, and plantings. Peck Slips historic character will be reinforced by a new vibrant passive open space plaza

with a similar planting vocabulary and punctuated by a water feature, recalling the days when the East River actually flowed into the slips. The project improves the existing conditions on these slips by providing multiple easy and attractive pedestrian access points from the waterfront to the interior of Lower Manhattan.

PROPOSED BENEFICIARIES: This project will benefit residents, workers, and visitors to Lower Manhattan with its enhanced open space. The neighborhoods directly adjacent to the project are the South Street Seaport, Chinatown and the Lower East Side, all of which would benefit from the project.

SCHEDULE: Activities related to this project began in 2006 and will continue through 2014.

ALLOCATIONS IN PARTIAL ACTION PLAN: In September 2005, \$10,420,000 was allocated in PAP 10 for this activity. In June 2009, the authorization was reduced by \$1M to \$9,420,000.

Location Description:

PROJECT AREA--The project proposes east-west access improvements and enhancements to existing open spaces at Peck Slip in the South Street Seaport area; Catherine Slip and Montgomery Slip in Chinatown and Rutgers Slip in Lower East Side. North-south access improvements are made south of East River Park to the upland portion of Pier 42.

Activity Progress Narrative:

Construction work for Montgomery Slip, Rutgers Slip, and Catherine Slip is complete. Design of Peck Slip is ongoing and is expected to be finalized by January 2015 and bid sometime during spring 2015. No invoices were received during the quarter. The only Reimbursement Request received from City of New York Department of Parks & Recreation for \$2,868,731.91 was partially paid this quarter. \$2,181,062.74 of that Reimbursement Request was paid which represents amounts billed for during periods for which reporting is up to date. Remaining balance will be paid when past due reports are submitted.

Match Contributed	\$0.00	\$0.00

Activity Description:

LMDC has allocated \$154,580,000 for the East River Waterfront Esplanade and Piers Project, \$139,580,000 in Grant 1 and \$15,000,000 in Grant 2. The project involves the redevelopment of the East River Waterfront Esplanade and Piers, north of Battery Park and south of East River Park, and would revitalize Lower Manhattan communities and the East River Waterfront. The project will solve a number of issues in the area that hinder the realization of the East River Waterfronts full potential. Such issues include under-utilized spaces (parking lots below the FDR and vacant piers, the absence of sidewalks, and the lack of amenities which dramatically decreases potential visitation to the site.) The project will also fill in the missing esplanade in the Lower Manhattan Greenway between Old Slip and Peter Minuet Plaza. Once constructed, the revitalized waterfront would be an approximately two-mile esplanade that includes a mix of open space, cultural and recreational uses, providing a link between the Financial District, Chinatown and the Lower East Side to the waterfront. As a result of this project, the waters edge will be experienced in new ways along the East River. Improvements to the esplanade are meant to harmonize traditional waterfront uses with new commercial, cultural and community programming and invigorate the area with a fresh, innovative design approach. The Plan provides amenities for passive recreation. The existing bike and pedestrian paths will be improved, expanded, and realigned to provide for unencumbered movement without infringing upon other uses along the esplanade. New pavilions are planned underneath the FDR Viaduct and may accommodate a variety of retail, cultural and/or community uses to complement the public open space experience. The Plan calls for improvements to the FDR Viaduct by cladding the elevated roadway to reduce vehicular traffic noise from above and enhance the ambient lighting below. Several piers on the East River will be transformed into recreational spaces, where active water-related uses would be encouraged alongside passive recreational uses.

Location Description:

The project proposes revitalization of the area running along the East River Waterfront from Battery Park to the south, Pier 36 to the north, and South Street/FDR Drive to the east in Lower Manhattan.

Activity Progress Narrative:

Rutgers Pavilion

During the fourth quarter of 2014 the design team received the necessary approvals and continued with the designs for the Rutgers Pavilion. They also performed minor contract administration services for Package 3/Pier 35. The team also continued to attend management meetings, work sessions and task team meetings.

Esplanade Package 3/Pier 35

The contractor completed the drainage and punch list work. The electrician completed the TC-1 lights and the seat wall lights. They also commenced installation of the railings on Pier 35, worked with Con Edison to obtain permanent power for site lighting, and fabricated stainless steel for lookout panels.

Additional Reimbursement requests totaling \$1,452,106 were received this period and about \$485,272 of reimbursement requests were paid this period.

Match Contributed	\$0.00	\$0.00

Activity Description:

\$16 million has been allocated for design and construction costs related to improvements of Pier 42 and adjacent areas located between the East River Esplanade to the south and East River Park to the north. This \$14 million allocation in Grant 1 is for design and construction. There is another allocation of \$2 million in Grant 2 for planning and design. The specific scope will be dependent on the outcome of the planning process funded by the \$2 million allocation. In general terms, the this project will likely include improvements to the area such as landscaping to increase green open space, public access to the waterfront, improved views of the landscape and NYC harbor, water dependent public activities, expansion of the bike path and greenway, and a variety of park recreational activities.

Location Description:

The project proposes revitalization of Pier 42 and adjacent areas located between the East River Esplanade to the south and East River Park to the north.

Activity Progress Narrative:

The Environmental Site Assessment and the environmental review for the project are ongoing. No invoices have been submitted for this project.

Activity Description:

LOWER MANHATTAN STREET MANAGAEMENT PROGRAM--LMDC has allocated up to \$4,800,000 for a Street Management Program. Lower Manhattan is home to a street system designed to serve the needs of the 17th Century, with narrow roadways and sidewalks and limited cross town access. This system must now serve the nation's third largest business district, a growing residential community, and the thousands of visitors to Lower Manhattan. With so many competing demands, the street system is overtaxed and must be analyzed as to how to best serve essential street users, such as pedestrians, transit, emergency vehicles and deliveries vital to businesses. To address these competing needs, a dynamic and innovative street management program has been identified, which will include traffic modeling, analysis of delivery options, parking and security design, real time data collection system. It will also develop a series of pilot programs to test various scenarios identified through intensive analysis in a previous phase.--PROGRAM OBJECTIVES--Enhancing Lower Manhattan's street management capability has been identified as a priority by members of the Lower Manhattan community. The objective of this funding would be to further analyze, identify, and implement solutions to the various street management and traffic flow issues impacting pedestrians, transit, emergency vehicles and deliveries vital to businesses. LMDC funds would be used for projects that include, but are not limited to the following: (1)Traffic Model and Construction Coordination: Enhance the existing traffic model to incorporate pedestrian movements; (2) Delivery Options, Parking and Security Design: Investigate opportunities to address Lower Manhattan security needs, develop plan for delivery operations, and investigate new curbside management strategies; (3) Real Time Data Collection System: Assess real time data to monitor traffic and address traffic concerns as they develop; and (4) Implementation of Pilot Programs: Develop pilot programs based on the street management framework to measure their effectiveness in addressing a targeted problem --FEDERAL AND OTHER RESOURCES--LMDC proposes to allocate up to \$4,800,000 for a Lower Manhattan Street Management Program.--TOTAL ESTIMATED COST--The total estimated cost for this activity is up to \$4,800,000.

Location Description:

PROJECT AREA--The Street Management Program would target the area south of Canal/Rutgers Streets, from Hudson River to East River.

Activity Progress Narrative:

All engineering services work was completed in the 4thquarter of 2012. LMDC continues to work with New York City staff on processing their reimbursement requests totaling nearly \$700,000. During this quarter, additional documentation support was received and is under review. This project was substantially completed in 2012.

Activity Description:

CHINATOWN LOCAL DEVELOPMENT CORPORATION--LMDC allocated up to \$7,000,000 to fund the Chinatown Partnership Local Development Corporation (LDC) that would spearhead community improvements in Chinatown, engage in a combination of short-term projects and long-term planning. The creation of the Chinatown Partnership LDC a community-based, not-for-profit organization that has brought together major civic organizations, cultural institutions, and businesses in the community marks a significant milestone for the neighborhood. The Chinatown Partnership LDC was formed in 2004 as a result of the Rebuild Chinatown Initiative (RCI) a comprehensive community assessment and planning initiative that was conducted by Asian Americans for Equality (AAFE) to address the needs of Chinatown in the aftermath of September 11, 2001. Additionally, the City of New York expressed its support to LMDC for the creation of a comprehensive sanitation pilot program for Chinatown. A sanitation program would be funded initially through public investment, with the long-term goal of the community adopting and sustaining the initiative. LMDC proposes to allocate funds for the Chinatown Partnership LDC, in partnership with the September 11th Fund, as it has for the Explore Chinatown campaign over the past two years.--CHINATOWN CLEAN STREETS PROGRAM--The Chinatown Partnership LDC, in conjunction with the New York City Department of Small Business Services (SBS), will implement and oversee a comprehensive, multi-year Clean Streets program. One of the issues consistently identified in post-September 11, 2001, studies and reports on Chinatown has been sanitation. Chinatown, because of its unique neighborhood characteristics including its dense population, many restaurants, and fresh food markets, requires a comprehensive Clean Streets program to address stated community concerns, including build-up of garbage, sidewalk cleanliness, and odor issues.-- The Clean Streets program will serve as a pilot, and will allow the community to see first-hand the benefits of this program. The community will have the option of taking over the program upon completion of public funding. The program will include manual and mechanical sweeping of the sidewalks, curbs and gutters, frequent removal of bagged litter from street corners, pressure cleaning of sidewalks, graffiti removal, and additional maintenance. The initiative will also provide for the necessary public outreach and community relations work to ensure that the community understands the benefits of the pilot program and begins to take ownership of the services over time. The program will not replace any existing services provided by the Citys Department of Sanitation, nor will it affect any type of decrease in garbage service in the geographic area that the program will cover. The SBS has developed expertise in overseeing and implementing such programs throughout the City with Business Improvement Districts and LDCs, and will work jointly with the Chinatown Partnership LDC.--The Clean Streets program would receive initial funding through public investment for a number of years, with the objective of the community taking over the program, and possibly becoming an official Business Improvement District (BID), or similar program, under which the community sustains the level of service over time.The LMDC funded portion of the clean streets program ended in June 2011. The ongoing sanitation program in Chinatown will now be funded privately through a an official BID which was be signed into legislation in September 2011. CHINATOWN SHORT-TERM PROJECTS AND LONG-TERM PLANNING-- In addition to the Clean Streets program, the Chinatown Partnership LDC will spearhead many community enhancement projects and initiatives that emerged through the RCI recommendations, including short-term capital projects and long-term planning for additional projects to meet the communitys needs over time. LMDC funding will also be allocated to Chinatown projects including, but not limited to, way finding, lighting improvements, time-of-day street closures, public outreach and marketing, and others, many of which will occur over a two year period beginning in 2006. PROJECT OBJECTIVES--To date, no single organization in Chinatown has comprehensively tackled these types of short-term improvements and long-term planning. As mentioned above, Chinatown Partnership LDC would spearhead community improvements in Chinatown, engage in a combination of short-term projects and long-term planning The Chinatown Partnership LDC is composed of a diverse Board of Directors, which represents a wide variety of civic, business, and cultural interests in the neighborhood. The organization received start-up funds from the September 11th Fund, and was recently awarded a Red Cross grant. The Chinatown Partnership LDC is anticipated to assume oversight of the two year Explore Chinatown initiative, launched by the LMDC and the September 11th Fund, beginning next year. --The RCI process, which initially proposed the development of the Chinatown Partnership LDC, was spearheaded by AAFE, with the involvement of a broad-based Steering Committee comprised of Chinatown area stakeholders. Moreover, the community at large was consulted throughout the RCI process through numerous workshops and visioning sessions. BENEFICIARIES--The proposed activities would benefit the thousands of Chinatown residents, as well as local restaurants, retailers, vendors, other businesses, and workers. This activity will also benefit the visitors to the Chinatown community.--SCHEDULE-- Activities related to the Chinatown Partnership LDC will begin in 2005 and continue through 2010.&mdashFEDERAL AND OTHER RESOURCES--LMDC proposes to allocate up to \$7,000,000 for the four-year budget for the Chinatown Partnership LDC, of which \$5,400,000 will be allocated to the Department of Small Business Services to implement, in conjunction with the LDC, the four-year Clean Streets program; \$1,600,000 will be allocated for short-term community development projects, marketing, and public outreach efforts that will be undertaken by the LDC. The remainder of the LDC budget, not including the Clean Streets Initiative, will be funded jointly by the September 11th Fund, LDC Board contributions, and other fundraising efforts. &ndashTOTAL ESTIMATED COST--The total project cost for the activities outlined in this Partial Action Plan for four years is approximately \$12,000,000. The total cost for LMDC funding for this activity is up to \$7,000,000.

Location Description:

PROJECT AREA--The Chinatown Partnership LDC, in conjunction with the Department of Small Business Services, will implement and oversee a comprehensive, multi-year Clean Streets initiative for the area generally bounded by Grand Street to the north, Allen and Pike Streets to the east, Worth and Madison Streets to the south, and Broadway to the West.

Activity Progress Narrative:

During this quarter reimbursement requests received from the New York City Department of Transportation totaling approximately \$800,000.00 were being reviewed for processing. Additional supporting documents and reports were requested. The project has concluded and once the reimbursements are finalized the activity can be closed.

Activity Description:

The LMBEC will provide funding for a competitive grant program to entice start-up businesses to Lower Manhattan or support the expansion of established companies in Lower Manhattan with office space and funding opportunities. The \$4 million allocation is to provide grants ranging from \$20,000 to \$750,000 over three years, resulting in support for approximately 18 start-up companies and the estimated creation or preservation of 320 jobs.

Location Description:

Lower Manhattan South of Houston Street

Activity Progress Narrative:

LMDC has reimbursed the City of New York a total of \$1,160,000.00 through the 4th quarter. During the 4th Quarter of 2014, the City of New York, as subrecipient for the Lower Manhattan Business Expansion program, submitted invoices totaling \$500,000.00. The program is now at the stage where the Program Managers are preparing payments for program runners up and winners by reviewing and approving documentation for accuracy and compliance with Program guidelines prior to submission to LMDC for reimbursements.

Match Contributed	\$0.00	\$0.00

Activity Description:

Project description: LMDC allocated \$16 million for the preservation and rehabilitation of 160 or more units through the Chinatown/Lower East Side Acquisition and Preservation Program (Chinatown/LES Program). The new HPD administered program would be created with an objective of facilitating the acquisition and rehabilitation of privately owned properties in Chinatown and the Lower East Side. This program will establish housing that is permanently affordable under rent stabilization. The program focuses on the acquisition of mid-size buildings (15-40 units) that currently have all or a portion of the units under rent stabilization, where average rents are under \$1,000. Eligible borrowers for this program would be non-profit residential property managers and developers, who would agree to keep units under rent stabilization for a term of 30 years. Additionally, upon vacancy, non-stabilized units must be lowered to the average stabilized rent and returned to rent stabilization. The Chinatown/LES Program aims to benefit households up to 80% of AMI. HPD will use the \$16 million to create a loan pool to assist in acquiring and rehabilitating at least 160 units, a maximum of up to \$125,000 per dwelling unit in acquisition funding, including LMDC program funding of up to \$100,000 per dwelling unit and additional [HPD] funding of up to \$25,000 per dwelling unit, is available to fill the gap between private debt supportable by the project and the acquisition cost over the next two to four years. Proposed beneficiaries: In response to community concerns regarding the availability and quality of affordable housing, this preservation and rehabilitation program will increase the availability of affordable housing for current residents. The Chinatown/LES Program will create and preserve affordable housing for 160 or more low-to-moderate-income households throughout Chinatown and the Lower East Side. This program aims to benefit 160 or more household at or below 80% of AMI. Selection process: Income verification will not apply for current tenants of rent-stabilized units. However, all new tenants will be subject to income verification upon re-rental of vacant units. To date, HPD has approved four acquisition projects: 112 Eldridge Street (16 units), 58-60 Hester Street (38 units), 28-30 Henry Street (36 units), and 191 Madison Street (24 units), and 81 Baxter Street (18 units).

Location Description:

The project area for the Chinatown/LES Program will be target the Chinatown and Lower East Side communities, South of Houston Street.

Activity Progress Narrative:

Through the Chinatown/Lower East Side Acquisition Program, 152 affordable units in lower Manhattan have been preserved. This quarter LMDC began working with the NYC Housing, Preservation and Development department to discuss how best to use the remaining \$800,000 in this contract. LMDC and NYC HPD plan to amend this contract in order to use these grant funds in conjunction with an additional Affordable Housing program to continue to preserve affordable housing in the Chinatown and Lower East Side neighborhoods.

Activity Description:

PROJECT DESCRIPTION: LMDC has allocated 12,000,000 to the New York City Housing Preservation Department to identify and administer projects that (1) provide affordable housing for low, moderate and middle income residents through the preservation of Mitchell Lama or other affordable housing complexes, acquisition of new land or properties for affordable housing or the creation of incentives for the private sector to develop affordable housing; (2) are located in Lower Manhattan; (3) spend no more than \$100,000 per dwelling unit preserved or created; and (4) are consistent with the goals and principles outlined in HPDs The New Housing Marketplace: Creating Housing for the Next Generation. SCHEDULE: Projects to be funded by the Affordable Housing Program are expected to be identified by December 31, 2010 and completed by December 31, 2012. PROGRAM OBJECTIVE: The creation of affordable housing is as a key component of a strong and vibrant Lower Manhattan community. As stated in LMDCs Principles and Revised Preliminary Blueprint for the Future of Lower Manhattan expanding the residential population [would] create a strong sense of community throughout Lower Manhattan, and this housing must be for a wide variety of income levels. The Affordable Housing Program would help achieve that outcome. BENEFICIARIES: The Affordable Housing Program will benefit moderate and low income residents of Lower Manhattan. TOTAL ESTIMATED COST: This Final Action Plan allocates \$12,000,000 of federal funds for affordable housing. Other government and/or private resources may supplement these funds.

Location Description:

The project area for the Affordable Housing Program is defined as Manhattan, south of Houston Street.

Activity Progress Narrative:

During the fourth quarter of 2014, LMDC continued working with staff at the New York City Department of Housing Preservation and Development to develop a Request for Qualifications to identify partner organizations to implement a housing program to acquire or create affordable units in Lower Manhattan. Both this RFQ and the Notice of Funding Availability have been approved by LMDC and are awaiting the final HPD review before release. It is anticipated that this program will be announced and launched publically during the next quarter.

Match Contributed	\$0.00	\$0.00

Activity Description:

PROJECT DESCRIPTION: LMDC has allocated \$5,000,000 for capital improvements at Knickerbocker Village, a 1,584-unit development built in 1934, which consists primarily of low and moderate income tenants. Located on the Lower East Side, Knickerbocker Village is operated by a Limited Dividend Housing Company (Housing Company) under Article IV of the New York State Private Housing Finance Law (Article IV), and supervised by the New York State Division of Housing and Community Renewal (DHCR). The funds would serve to benefit the primarily low and moderate income residents by providing for necessary capital improvements that would otherwise result in assessments and related rent increases. Such improvements include repair or replacement of the elevator systems and parapet replacement or reconstruction throughout Knickerbocker Village.

PROPOSED BENEFICIARIES: The capital improvements at the development would benefit the tenants of Knickerbocker Village. Based on numbers provided by HPD in January 2008, 59% of total units are low-income households, and 17% of total units are moderate-income households.

SELECTION OF BENEFICIARIES: Knickerbocker Village was identified by the LMDC and the City of New York as a means to preserve affordable housing units. The LMDC grant will preserve affordability of the development to its tenants and perform needed improvements without transferring costs to the tenants.

Location Description:

Knickerbocker Village is located within the LMDC catchment area south of Houston Street on Monroe Street, bound by Catherine, Cherry, and Market Streets.

Activity Progress Narrative:

There have been two invoices submitted to LMDC for the work at Knickerbocker Village for parapet and elevator repair. Last quarter LMDC reimbursed \$3,282,095.30 out of the \$5,000,000.00 total grant. When LMDC receives the missing documentation, the balance of \$1,717,903.80 will be paid. LMDC is working with the New York City Department of Housing Preservation and Development staff to obtain the remaining supporting documentation.

Match Contributed	\$0.00	\$0.00

Activity Description:

PROJECT DESCRIPTION: LMDC has allocated \$6 million for the rehabilitation of Masaryk Towers, a 1,110-unit Mitchell-Lama development located on Columbia Street on the Lower East Side. This cooperative development primarily consists of low-income tenants. Masaryk Towers was built in the 1960's and many of its systems have outlived their useful life. Replacing these systems would force a significant rent increase. Although Masaryk Towers has raised carrying charges and imposed a capital assessment, an estimated \$6 million in capital work is still needed. LMDC would provide \$6 million to Masaryk Towers as a grant, since shareholders cannot afford additional debt service to address these issues. These funds would have a tremendous impact on preserving the affordability of the development. In addition, this investment would preserve the units for the foreseeable future, as HPD will implement a 15-year agreement that will assure that Masaryk Towers will not opt-out of the Mitchell-Lama program following capital repairs. The City of New York has worked to preserve Masaryk Towers by restructuring their mortgage in order to lower the debt service, and has also made attempts to limit carrying charge increases to 27%, phased in over three years. LMDC funds for this project would allow the City to preserve the existing affordable units in a building that would otherwise continue to deteriorate, and would also assist in the City's efforts to limit the increase in carrying charges to the 27% as previously approved.

PROPOSED BENEFICIARIES: The proposed beneficiaries for this project include low- and moderate-income households. The Masaryk Towers cooperative development primarily consists of low-income tenants, where more than half of the shareholders qualify for Section 8 vouchers. Based upon an analysis performed in 2000, 45% of the unit total are low-income households, and 65% of the unit total are moderate-income households.

SELECTION OF BENEFICIARIES: Masaryk Towers was selected in order to preserve affordability of the development to its tenants, and to perform needed improvements without transferring costs to the tenants. These improvements also caused the City to sign an agreement that Masaryk Towers would remain in the Mitchell-Lama program 15-years after work was completed.

Location Description:

Masaryk Towers is located south of Houston Street, on Columbia Street, bound by Pitt, Stanton and Delancey Streets.

Activity Progress Narrative:

During the fourth quarter of 2014, rehabilitation work continued at Masaryk Towers. Masaryk Towers is a six building Mitchell-Lama affordable housing development in lower Manhattan that has 1,109 units. LMDC currently has a reimbursement request for \$1.2 million related to work already completed and will process this reimbursement upon receipt of requested supporting documentation from New York City Department of Housing Preservation and Development.

Activity Description:

TRIBUTE IN LIGHT--Marking the six-month anniversary of the World Trade Center tragedy, on March 11, 2002, two beams of light rose from a site just north of the World Trade Center site into the night sky to honor those lost on September 11th and to celebrate the spirit of all the New Yorkers who have worked to rebuild and renew our City. Conceived in the aftermath of the September 11th tragedies, Tribute in Light is an artistic gesture bringing together the vision and talent of numerous individuals who, shortly after the attacks, independently envisioned two beams of light rising from downtown New York. Organized by the Municipal Art Society and Creative Time, Tribute in Light was conceived by team of architects John Bennett and Gustavo Bonevardi of PROUN Space Studio, artists Julian LaVerdiere and Paul Myoda, architect Richard Nash Gould, and lighting designer Paul Marantz. Universally embraced by the public, the Governor and Mayor announced the return of Tribute in Light for one night as part of the City's commemoration of the second anniversary of September 11th as a tribute to the memory of those lost and a symbol of the spirit of the great City of New York. At that announcement, they indicated that Tribute in Light would be brought back each year for one night on September 11th as part of City's commemoration. Under certain conditions the Tribute in Light could be seen from up to 25 miles away in any direction. With the designation of Tribute in Light as an integral part of the City's annual commemoration of September 11th, the Municipal Art Society, as one of the founding organizers and sponsors of this installation, in cooperation with the City of New York, is receiving support for the ongoing presentation of the Tribute in Light commemoration. LMDC funding has been used for the purchase of lights, technical support, and on-going maintenance for the first five years of the annual memorial commemoration. --PROJECT OBJECTIVES-- Support of this installation is consistent with LMDC's mission to create a permanent memorial honoring those lost. It provides a valuable public service in that its continuance has ensured that on each anniversary of September 11, 2001, the thousands of people who were killed that day and the loss of the World Trade Center and its impact on New York City and beyond are commemorated. In addition, the World Trade Center Site Memorial Competition jury recommended, in their selection of Reflecting Absence as a permanent memorial on the World Trade Center site, that provisions be made to accommodate the annual showing of Tribute in Light as part of the memorial experience. While awaiting the completion of the

permanent memorial in 2011, it has served as an interim memorial to those who were killed on that day. AMENDMENTS TO ACTIVITY&mdashIn November 2006 HUD approved an Amendment to Partial Action Plan 8 that reduced LMDC&rsquo allocation by \$500,000 to \$3,000,000. This amount reflects savings from lower than expected bids for some items. An additional \$145,000 toward the \$400,000 annual project budget was allocated to the Municipal Arts Society for the administration and presentation in 2009 of Tribute in Light from the Final Action Plan-Cultural and Community Events and Installations. The allocation of additional funds through this Final Action Plan, when combined with funds allocated in Partial Action Plan 8, allowed its presentation on September 11, 2009 as an interim memorial. --BENEFICIARIES--The thousands of relatives and friends of the nearly 3,000 victims of September 11, 2001 and February 26, 1993 have benefited from the memorial to their loved ones. Others immediately affected by the events, including survivors, area residents and workers, have also benefited from the project. Tribute in Light can be seen from up to 25 miles away in any direction, an area that encompasses the homes of an estimated 13.7 million people. Illuminating the night sky, it serves as an enduring symbol of hope, uniting the families of those who lost loved ones, New Yorkers, the nation, and the world. --SCHEDULE--LMDC funding was provided beginning in 2004 for a period of eight years. --FEDERAL RESOURCES--Gateway National Park agreed to provide storage for the lights for the first year with support by the Battery Park City Authority, owner of the site. The Battery Park City Authority, the Mayor&rsquo office, the MTA and other City agencies were instrumental in securing long term storage for the following years at the Battery Garage, now owned by the MTA. --TOTAL ESTIMATED COST--The total estimated cost for the project is \$3,840,000.00. Total estimated LMDC funding is up to \$3,840,000.00. The Municipal Arts Society will provide the remainder of funding for the project if needed.

Location Description:

--PROJECT AREA--The site for commemoration on September 11, 2004 was identified as Lot 26 in Battery Park City. Support has been indicated by the Battery Park City Authority, owner of the site, for this year. Several other sites are being considered for future years, including sites within the vicinity of the World Trade Center site and Battery Park City. The Battery Park City Authority, the Mayor&rsquo office, the MTA and other City agencies worked together to secure the Battery Garage as the site of the project from 2004 through 2011.

Activity Description:

LIVING MEMORIAL--The Living Memorial project is an Internet-based information tool that seeks to centrally archive, and make accessible, information related to those lost on September 11, 2001 and February 26, 1993. September's Mission Foundation is working in partnership with Pace University, the New York State Museum, New York State Archives, and the NY Historical Society on the Living Memorial Project. September's Mission is a not-for-profit organization to support the development of a memorial at the World Trade Center site. Through this project, family members, friends and children can provide material about their loved ones including photos, videos, letters, newspaper clippings chronicling the victim's life, letters, artwork, poetry, etc. In addition, the public will be invited to provide material regarding the events of September 11, 2001 and the 1993 bombing. Over time, this collection of information will serve as a living memorial and a lasting repository documenting for all time the lives lost on these tragic days. To ensure privacy, the Living Memorial project will allow family members to restrict access to their loved one's library. The Living Memorial project is a response to requests from several family groups for a means to tell the complete stories of their loved ones and of the events of September 11, 2001 to create connections among families, children and the public to promote learning and healing until a permanent memorial is built. As it is Internet-based, it will serve family members, survivors, and others who may not be physically able to visit the World Trade Center site. It will ensure the preservation of the memory of those lost and the historic circumstances surrounding the events. On September 8th, 2004, Living Memorial began its internet based operations, and received overwhelming public support through electronic correspondence. Funding for this project will include, but is not limited to, professional and technical services required to oversee and execute this project, public outreach and participation events, business requirements analysis, technical architecture design, story boards that illustrate how the site will work, and initial interface design and build-out, testing, refining, and implementation of the interactive website for public use. --PROJECT OBJECTIVES--The WTC Site is currently visited by people from all over the world. Visitors and families of victims have expressed a need for opportunities to reflect, remember, and communicate in a structured environment before the completion of the permanent memorial at the World Trade Center site. This project is a means to involve victims' families and the public in communicating by collecting, preserving, and

telling the complete stories of their loved ones and of the events. It will work to create connections among families, children and the public to promote learning and healing until a permanent memorial is built. This project will provide a valuable public service, as it is not only essential to the healing process, but vital to curators, historians, academics and others that will be charged in the future with interpreting the events of these attacks. It also speaks to a greater public need to know more about the lives lost so tragically. Future use of the Living Memorial Project could include incorporation into the Memorial Center as part of the permanent World Trade Center Memorial. It will serve as interim memorials through which family members, survivors, residents, and others affected by the events of September 11, 2001 can share their stories, grieve, and heal, until the permanent memorial is built. It will also provide the public-at-large with a deeper understanding of the impact of the attacks until the permanent memorial is built. --AMENDMENT TO ACTIVITY -- In December 2006 HUD approved an amendment to PAP 8 that changes the recipient of funds from September's Mission to the WTC Memorial Foundation. --BENEFICIARIES--The thousands of victims' families and visitors from around the region, the U.S., and the world will benefit from the Living Memorial project for a period of time before the completion of the permanent memorial. It will give family members, first responders, survivors, residents, and others who were affected by September 11, 2001 a chance to share their stories, and it will provide a deeper understanding of the loss of life and the impact of the attacks for the public at large. --SCHEDULE--Development and implementation will begin in 2004. The funding for the project will extend for a one year period. --FEDERAL AND OTHER RESOURCES--September's Mission will seek, at a minimum, a one-for-one match, in actual dollars, for every dollar LMDC dedicates to this proposal to allow Phase II to launch immediately upon successful completion of Phase I. Matching grants are anticipated to equal \$296,900. In addition, it is anticipated that in-kind donations that can be quantified in value such as technology equipment, services and software, a site administrator, dedicated space for housing, etc. will result in a total match that is closer to three to one, with the in-kind donation portion totaling approximately \$593,800. Therefore, total income projections are \$890,700. --TOTAL ESTIMATED COST--The total estimated cost for the Living Memorial project is nearly \$1.2 million. The total estimated cost for the LMDC portion of the funding is up to \$296,900.

Location Description:

--PROJECT AREA--The Living Memorial is internet based and will provide an opportunity for family members and others around the world to access information about the victims. The internet portals will be near the World Trade Center site and will serve family members, survivors, others affected by the September 11th attacks, and the thousands of visitors to the site.

Activity Progress Narrative:

Living Memorial grant funds are available and managed by the National 911 Memorial and Museum staff. No funds have been disbursed to date.

Activity Description:

LMDC GENERAL ADMINISTRATION --- LMDC engages in broad planning and administration activities relating to the recovery, remembrance, and rebuilding efforts in Lower Manhattan, defined by LMDC as the entire area of Manhattan south of Houston Street.---LMDCs administration activities include extensive public information and coordination activities relating to its LMDC planning work. As part of its coordination activities, LMDC serves as a facilitator of outreach and discussions between affected communities as well as the public at large and government agencies and officials. LMDCs public information work

includes: large scale public meetings and hearings; periodic printed newsletters and reports; an up-to-date, comprehensive, and interactive web site (www.RenewNYC.com); extensive electronic communications; and other public outreach and participation efforts. In addition, LMDC maintains its network of community contacts through its advisory councils.---LMDC's administration activities also include all functions necessary to administer the Community Development Block Grants including financial operations, legal services, monitoring, auditing, investigations, and general administrative and office functions.---HUD has authorized the use of up to 5% of the total grant to LMDC for costs associated with planning and administration activities, including costs for overhead, personnel, and consultants.

Location Description:

General administrative activities are centralized in LMDC's office at: One Liberty Plaza, 20th floor, New York, NY, 10006, and cover activities within Lower Manhattan.

Activity Progress Narrative:

LMDC maintains a small staff and office space to carry out its planning and community development activities, including project oversight, environmental and regulatory compliance monitoring, project coordination, and payment processing. During the fourth quarter of 2014, LMDC staff monitored the activities of over 80 subrecipients and consultants, amended five contracts, and completed four subrecipient projects, while distributing over \$10 million in payments to subrecipients and consultants to further the redevelopment of lower Manhattan. Administrative costs for the quarter were approximately 4% of what was paid out and on a cumulative basis remains far less than the 5% allowable for administrative expenses.

Activity Description:

LMDC PLANNING - ECONOMIC ANALYSIS --- LMDC engages in broad planning and administration activities relating to the recovery, remembrance, and rebuilding efforts in Lower Manhattan, defined by LMDC as the entire area of Manhattan south of Houston Street. LMDC planning activities include the site planning for the World Trade Center site and the areas immediately surrounding the site. The agency's planning activities also include the other neighborhoods in Lower Manhattan that have been affected by September 11th and its aftermath. Specifically, LMDC planning activities include expansive analyses of Lower Manhattan's transportation, traffic, housing and related amenities, open space, retail development, and economic development capacity, needs, and potential. Based on these analyses, LMDC will develop and propose concept plans for specific areas and projects in Lower Manhattan. LMDC planning activities focus on the administration of the competition and planning for the memorial. As part of the planning process, LMDC engages in economic analysis activities focusing on the economic impact and financial assessment of proposed development projects and programs for Lower Manhattan. HUD has authorized the use of up to 5% of the total grant to LMDC for costs associated with planning and administration activities, including costs for overhead, personnel, and consultants. The end date for this activity encompasses anticipated programmatic and/or financial activity.

Activity Description:

PROJECT DESCRIPTION: LMDC has allocated \$4,129,000 for Long-Term Planning, specifically, Lower Manhattan Planning Studies And Improvements. LMDC is coordinating with various agencies of the City of New York in order to pursue planning studies and targeted improvement projects that will address ongoing complications resulting from the damage on September 11th and assist in Lower Manhattan's recovery by improving the physical environment of Lower Manhattan. Ongoing construction, enhanced security measures, and the loss of public open space are among the many factors that necessitate the planning studies proposed. The planning studies aim to provide more public open space, improve the public realm through aesthetic enhancements and practical measures such as traffic management, and facilitate the construction that will occur in Lower Manhattan in the coming years. As contemplated in New York City's Vision for Lower Manhattan, public investments in these types of projects can trigger private market reactions that will strengthen Lower Manhattan's role as a global financial center, major commercial office market, residential neighborhood, and host to visitors from around the world. To make these investments successful, they must be carefully planned, taking into account what exists in Lower Manhattan today and what the potential is for the future. Lower Manhattan has significant physical assets, including waterfront on three sides, landmarks from throughout American history, and a street grid and urban experience unique to North America. However, in addition to the tragic loss of life on September 11, 2001, the physical destruction and disruption that occurred in Lower Manhattan made clear that the future growth and success of the district depends on how well its buildings, infrastructure, and public spaces work together to accommodate its existing uses and assets with future development opportunities. A comprehensive effort is required to coordinate work toward improving the quality of Lower Manhattan's infrastructure, public spaces, waterfront, and streets. This project relates to four specific planning efforts (Street Management, East River Waterfront Planning, Chinatown Rezoning Study, City Staffing).

In the preliminary phase of the Street Management Program, the City of New York developed three planning tools: (1) traffic models to analyze the effects of a lane closure, street closure or other type of vehicle restriction, (2) data base to store and map information about signs, curbside regulations, and traffic volume data, and (3) a framework that assigns each block in Lower

Manhattan to one of five street types (access, through, activity, residential, support) to help the City guide decisions about the future operation of streets.

The City of New York undertook a year-long study of the East River Waterfront in 2004. During this study, over 70 meetings were held with community boards, tenant associations, civic leaders, maritime experts and local elected officials. The East River Waterfront Plan proposed a greatly enhanced public esplanade, the addition to waterfront amenities and the creation of new commercial, cultural and community destinations along this 2-mile stretch of waterfront.

The City is the designated subrecipient for approximately \$450 million in LMDC grants for projects in Lower Manhattan. In order to coordinate and facilitate these projects (which include planning, transportation, and economic development) the City created several dedicated staff positions within its Economic Development Corporation.

Chinatown Working Group is conducting a Chinatown Rezoning Study that will examine various needs including affordability, culture and historic preservation, economic development and revitalization, education and schools, immigrant affairs and social services, transportation and security, zoning, and parks, open space and recreation. The study will set sustainable and achievable goals to transform the future of Chinatown.

PROPOSED BENEFICIARIES: Resident, Businesses and Visitors of Lower Manhattan will all benefit from these plans. Long-term planning provides funding to plan for public investments including a plan that transforms public boulevards into grand public promenades and one that capitalizes on the underutilized resources of Lower Manhattan. By providing funding for these important long-term projects now, LMDC will ensure the ability to move forward on the critical components of the revitalization of Lower Manhattan as quickly as possible.

Location Description:

Activity Progress Narrative:

There was no activity during the 4th quarter. The remaining balance is expected to be used in the next quarter for costs associated with a long term planning street management project that has concluded.

Activity Description:

LONG-TERM PLANNING - WEST STREET PLANNING --- Long-term planning provides funding to plan for public investments including a transportation plan that positions Lower Manhattan as the gateway to the region and the world, a plan that transforms public boulevards into grand public promenades, and one that capitalizes on the underutilized resources of Lower Manhattan. The projects funded in long-term planning meet some or all of the following criteria: Consistent with HUD eligibility criteria; Consistent with the Lower Manhattan Development Corporation's Principles and Preliminary Blueprint for the Future of Lower Manhattan; Consistent with the Lower Manhattan Development Corporation's A Vision for Lower Manhattan: Context and Program for the Innovative Design Study; Consistent with Mayor Michael Bloomberg's New York City's Vision for Lower Manhattan; and Enhancement of Lower Manhattan transportation services, connecting Lower Manhattan to the world. --- West Street Planning --- New York State Department of Transportation (NYS DOT) is responsible for post-September 11th repair of Route 9A, also known as West Street in Manhattan, as well as the planning for future enhancements. West Street is a multi-lane, 260-foot wide highway serving both regional and local traffic in Lower Manhattan. The street acts as the western boundary for the World Trade Center site. West Street's traffic conditions and width -- more than twice as wide as a typical Manhattan avenue -- make it a barrier for pedestrians by separating Battery Park City, the World Financial Center, and the Hudson River waterfront from the rest of Lower Manhattan. Significantly, West Street acts as a divide between the World Trade Center site, the emerging residential community south of Liberty Street, and the existing Battery Park City community. Residents complain about the potential safety hazards of crossing West Street and retailers in the World Financial Center suffer from difficult access. Since September 11th, there has been extensive discussion of the best ways in which to accommodate the large traffic volumes that flow along West Street, while also improving the pedestrian experience and making the areas adjacent to West Street more amenable to residential and commercial development. The portion that runs along the length of the World Trade Center site is of special concern since it must provide an appropriately dignified and aesthetically graceful setting next to the future World Trade Center memorial. NYS DOT has considered numerous design concepts to consider all significant factors. Goals for the design of West Street include creating better east-west pedestrian connections, improving the

pedestrian environment, easing surface congestion, and accommodating the need to create a quiet, respectful site for the memorial. NYS DOT's work on West Street included necessary technical services related to the repair and restoration of essential transportation facilities and planning for future enhancements to West Street.. --ALLOCATIONS IN PARTIAL ACTION PLANS -- Partial Action Plan 4 has allocated \$2,705,848 for this project. (Additional funds had originally been allocated to West Street Planning. in 2005, \$1.8 million was reallocated to Short-Term Capital Projects for West Street Pedestrian Connections).

Location Description:

West Street, south of Chambers Street, in Manhattan.

Activity Progress Narrative:

Activity is attributed to legal, environmental and other consultant costs primarily associated with the planning and environmental reviews done for the West Thames Street Bridge and West Street sidewalk design projects. Environmental and planning work on the West Thames Street Bridge will continue while the West Street sidewalk planning and design work has concluded.

The City of New York	\$55,033.34	\$30,816,559.86
Match Contributed	\$0.00	\$0.00

Activity Description:

The initial Final Action Plan allocated \$60,950,849 for the Lower Manhattan Community Enhancement Fund and the Lower Manhattan Cultural Enhancement Fund as well as the Drawing Center (collectively, Community and Cultural Enhancement Program). As certain specific projects have been identified, funds have specifically allocated to those projects reducing this allocation to \$50,871,765. The Community and Cultural Enhancement Program will address a range of community and cultural needs by providing grants, through a competitive selection process, to not-for-profit and government organizations for projects and programs that demonstrate the ability to spur long-term Lower Manhattan revitalization, benefiting area residents, workers, businesses, and visitors. --Community Enhancement Funds were allocated by LMDC to not-for-profit organizations whose projects support community facilities or programs that (a) provide education, employment, and health care services, and/or (b) recreational or community gathering needs. Also eligible are capital projects to acquire, enhance access to, improve, or rehabilitate existing community facilities. LMDC issued an RFP and proposals were due on November 10, 2006. LMDC reviewed applications and convened an advisory panel to help select appropriate programs. This portion of Cultural Enhancement Funds prioritize projects that received planning grants in the first round of cultural funding (see CEF reports) as well as new proposals that have the potential to contribute to the development of clusters or corridors of cultural activity in revitalization zones, including the World Trade Center area, Fulton and Greenwich Streets and the waterfronts. On November 8, 2007 thirty-five grants were approved, totaling \$37,387,000. LMDC has executed 35 Subrecipient agreements. Community and Cultural Enhancement Program funds were allocated by LMDC to not-for-profit and government organizations who support cultural or community programs or projects that benefit the residents, workers, and communities of Lower Manhattan. LMDC issued an RFP and proposals were due on November 5, 2010. On September 7th, 2011 thirty-eight grants were approved totaling \$17 million. PROGRAM OBJECTIVES-- Providing amenities and services necessary to support the residential and business community have emerged as important Lower Manhattan redevelopment objectives. These amenities are expected to serve as a catalyst for increased residential, commercial, retail, and other neighborhood activities. In realizing this objective, the Community and Cultural Enhancement Funds are intended for projects in Lower Manhattan that would meet the needs resulting from the events of September 11, 2001, address or prevent blight, and benefit low-and-moderate-income communities. Funded projects would have the capacity to spur the revitalization of Lower Manhattan and successfully benefit area businesses, residents, and/or visitors. BENEFICIARIES--The Lower Manhattan Community and Cultural Enhancement Funds would benefit Lower Manhattan area residents, workers, businesses, and not-for-profit organizations. The Fund is intended to benefit low-and moderate-income people, address or prevent blight, and meet needs resulting from September 11, 2001.

Location Description:

The project area is Lower Manhattan, south of Houston Street.

Activity Progress Narrative:

This activity includes funds available for the Community and Cultural Enhancement Program (CCEP) grants that have not been executed as well as the five Community Enhancement Fund (CoEF) grants that still remain open.

As for the five CoEF grants, Alliance for Downtown New York has expended \$1,337,647 of the awarded \$1,500,000. During this past quarter, no payments were made and no requests for reimbursement were received. The remaining \$162,353 is expected to be used for the de-installation of the final temporary art installation project. Due to private, adjacent construction, the de-installation has been delayed. It is still expected that the project will be completed in 2015 but we do not expect the final reimbursement requests to be submitted until the first quarter of 2016.

The Society of the Educational Arts project has been completed. Payments totaling \$15,005 were made during the quarter after exhausting all efforts on behalf of the grant recipient to identify eligible expenses within the material submitted for reimbursement consideration.

New York City Health and Hospitals Corporation representatives are working on collecting LMDC requested records for reimbursement consideration. The Corlears Hook Park project is being evaluated to determine if the City of New York Parks Department is ready to move forward with an amended project scope. While Grant Street Settlement representatives have indicated their desire to extend their agreement and move forward with their project, they are still working with the City and others on securing necessary financial support.

LMDC Staff is working with each these grant recipients to further their projects and process outstanding payment requisitions. We are also working with the proposed CCEP grant recipients to move their projects forward.

Activity Description:

As part of LMDC’s Community and Cultural Enhancement Program, Asian Americans for Equality (AAFE) will focus their efforts on targeted displacement prevention through its Lower Manhattan Affordable Housing Preservation and Anti-Displacement Initiative. AAFE will provide housing-related education, outreach and legal services to tenants, and will also provide technical experts to support tenants that are under threat of displacement because of building conditions.

Location Description:

111 Division St, New York, NY 10002

Activity Progress Narrative:

During this quarter, Asian Americans For Equality (AAFE) was reimbursed over \$73,000. The project has concluded and the final reimbursement has been processed. AAFE utilized LMDC’s funds towards assisting Asian American and immigrant residents with Fair Housing rights, and overcoming cultural and linguistic barriers to access affordable housing information. All project objectives have been met.

ABC No Rio, Inc.	\$0.00	\$0.00
Match Contributed	\$0.00	\$0.00

Activity Description:

As part of LMDC's Community and Cultural Enhancement Program, ABC No Rio will engage the services of contractors to construct a new 7,600 sq. ft. 4-story building, located at 156 Rivington Street. Construction includes; doubling capacity for public events programming through the extension of the first floor and cellar spaces; creating spaces specifically designed for workshops and programming; providing more efficient insulation and soundproofing; installing an elevator and making the building wheelchair accessible; installing new energy- and water-efficient building-wide systems; and increasing capacity for alternative energy use.

Location Description:

156 Rivington St, New York, NY 10002

Activity Progress Narrative:

Last quarter, ABC No Rio -- under the advisement of staff at the New York City (NYC) Department of Cultural Affairs -- transferred its project to the NYC Economic Development Corporation (EDC) from the NYC Department of Design Construction. With this transition, ABC No Rio will not be able to apply the LMDC funding to the project in the same way they had originally planned to do so with the DDC. LMDC and ABC No Rio are currently discussing new ways to distribute the approved funding as ABC No Rio awaits pre-qualification from the state.

This project will remain on hold until the funding issues are resolved.

Match Contributed	\$0.00	\$0.00

Activity Description:

As part of LMDC's Community and Cultural Enhancement Program, New York Asian's Women Center will provide all the necessary services in connection with outreach, counseling and advocacy of domestic violence victims in Lower Manhattan at the Manhattan Family Justice Center. Located at 80 Centre Street and is scheduled to be opened in Fall 2013.

Location Description:

32 Broadway, 10thFlr, New York, NY 10004

Activity Progress Narrative:

During the 4thquarter of 2014, New York Asian Women's Center (NYAWC) staff observed and addressed a new trend among their walk-in clients, that of requesting letters denoting these clients as victims of domestic violence. Clients were requesting this documentation so as to obtain certain much needed benefits. Since opening in February, the Manhattan Family Justice Center (MFJC) has served over 5,000 walk-in clients. As one of two agencies providing case management services to these clients, the NYAWC counselors provide an important function with respect to the Center's breadth and quality of service. Additionally, participating in the Manhattan Family Justice Center enables the NYAWC to serve a wider range of clientele due to the Center's downtown location and the expanded outreach activities supported by this grant. LMDC is currently reviewing several requests for reimbursement from NYAWC, for a combined total of \$93,184.83, anticipated to be paid in the next quarter.

Activity Description:

As part of LMDC's Community and Cultural Enhancement Program, Children's Museum of the Arts (CMA) will offer free, out-of-school, arts programming in their new studios for adolescents, age 10-15, under its new Young Artists Collective program. CMA will also support an initiative to provide low-income teenagers with free access to its existing fee-for-services after school arts programs.

Location Description:

103 Charlton St, New York, NY 10014

Activity Progress Narrative:

As part of LMDC's Community and Cultural Enhancement Program, LMDC will support the Children's Museum of the Arts's Young Artist Kollektive program (YAK) at their new facility located at 103 Charlton Street. The YAK will offer free, out-of-school, arts programming in their new studios for adolescents, ages 10-15. LMDC will support an initiative to provide low-income teenagers with free access to the existing fee-for-service after school arts programs.

This quarter YAK hosted an art slam for students in grades 6-9, and a drop in open art studio- an after school event involving guided fine and media art activities. Students also created a YAK manifesto, and practiced skills displayed and centered around

"Drawn to Language", CMA's current exhibit. Nearly \$14,000 in reimbursement requests were received this quarter with \$7,381 paid, and two invoices totaling \$6,573 expected to be reimbursed next quarter.

October marked the end of CMA's 2-year grant with LMDC. The aim of this program was to offer quality after-school arts programming for middle and high-schooled students in Lower Manhattan. With this grant, CMA was able to provide free programs and activities to youth aged 10-15 in the museums facility located 103 Charleston Street. Overall accomplishments as a result of participation in LMDC's Community and Cultural Enhancement Program include the creation of two temporary and one permanent position, 12 scholarships, and ongoing twice weekly drop-in open art studio and monthly art slam programs.

Activity Description:

As part of the Community and Cultural Enhancement Program, Common Ground will undergo security and safety upgrades at The Lee. The Lee provides affordable, supportive, safe, permanent housing to 263 low-income and formally homeless adults and young adults. The safety and security upgrades will ensure added protection for tenants and staff in the building as well as the building itself. Security and safety upgrades include; installing additional closed circuit cameras as required to effectively monitor the building and its occupants, installing an iron fence along the perimeter of the roof that allows it to be used as a roof deck in accordance with NYC building codes and with remaining funds, upgrade the locks to the entry doors for apartments and common area.

Location Description:

The Lee, 133 Pitt Street, New York, NY 10002

Activity Progress Narrative:

During the quarter, Common Ground achieved 100% completion of their project and were reimbursed over \$184,000. Their final invoice is being reviewed for processing with the final payment expected at the end of the first Quarter of 2015.

Activity Description:

As part of the Community and Cultural Enhancement Program, the City Parks Foundation will support free arts, sports, education and community building programs in Lower Manhattan parks maintained by New York City Department of Parks and Recreation. Specifically, LMDC funds will support artists, instructors, equipment, and supplies associated with arts, sports, education and community programming in nine Lower Manhattan parks.

Location Description:

Lower Manhattan Parks

Activity Progress Narrative:

LMDC grant funding supported artists, instructors, equipment and supplies associated with arts, sports, education and community programming in nine Lower Manhattan Parks.

This grant allowed City Parks Foundation (CPF) to provide free programs, events, technical assistance, and more to nearly 100,000 New Yorkers in Lower Manhattan. This grant also helped CPF improve nine parks in Lower Manhattan, with a special focus on East River Park, allowing hundreds of thousands of local residents to benefit from revitalized parks and neighborhoods. Through the grant, CPF provided hundreds of cultural events for residents of Lower Manhattan. The

SummerStage festival presented 25 free music, dance, theatre, and comedy performances during the grant period which were attended by over 47,000 people. The SummerStage Kids festival presented 34 free performances, reaching over 10, 500 children in underserved neighborhoods.

All activities have been completed, the scope has been fulfilled, and the final invoices were reimbursed this quarter. This grant has been moved to the inactive status as this activity has been completed.

Match Contributed	\$0.00	\$0.00

Activity Description:

As part of LMDC’s Community and Cultural Enhancement Program, Clemente Soto Velez will engage the services of consultants to design and plan the interior renovation project, at 107 Suffolk Street. The renovation will ensure the ADA compliance of the basement and first floor of the Center, provide access to and safe egress from all areas on the first floor and basement, and upgrade such elements as plumbing, lighting, signage, security, and internal building communications.

Location Description:

107 Suffolk St, New York, NY 10002

Activity Progress Narrative:

During this quarter, Clemente Soto Velez received payments of over \$27,000 in reimbursements for project costs. Clemente Soto Velez is continuing to work on procuring a certificate of occupancy for the building. Their subcontractor gained approval from the New York City Department of Cultural Affairs for the final version of the schematic design package. Clemente is awaiting approval of the schematic design package from the Public Design Commission. Clemente recently submitted a reimbursement request for over \$33,000 that is currently being reviewed for processing.

Friends of The New York City Fire Department Collection	\$7,118.17	\$8,557.09
Match Contributed	\$0.00	\$0.00

Activity Description:

As part of its Community and Cultural Enhancement Program, LMDC will support the continuation of the Friends of the New York City Fire Department Collection’s cataloguing and artifact conservation project. Specifically, funds will be used for the purchase of new archival equipment including a computer, museum database software, and archival storage materials. LMDC will also reimburse costs associated with consultants engaged for historical restoration, preservation and data entry as well as the staff costs of the Collection Manager to oversee the program. The Program will allow the Museum to better serve its diverse visitor base. Beneficiaries of the Program include, but are not limited to, teachers and students from local schools as well as those located further afield, area residents, domestic and international tourists, and members of the FDNY and their families. Founded in 1981, Friends of the New York City Fire Department Collection, Inc. instituted and operates the New York City Fire Museum where it preserves and presents the history and heritage of fire fighting in New York City while educating the public in fire safety and prevention.

Location Description:

278 Spring Street, New York City, NY 10013

Activity Progress Narrative:

The Time of Performance for LMDC’s grant to the NYC Fire Museum expired on December 31, 2014. LMDC is currently reviewing a request for reimbursement from the NYC Fire Museum in the amount of

\$27, 089.14 and has requested Museum staff to submit all outstanding requests for reimbursement related to this program.

In the final month of the program, the NYC Fire Museum was successfully able to scan close to 800 items which brought the grand total of objects scanned to 6,810, a figure over 500 items greater than the Museum’s originally targeted amount.

Activity Description:

As part of LMDC’s Community and Cultural Enhancement Program, LMDC’s Grant will enable H.T. Dance/Chen Dance Center to renovate their second floor offices and restore the public lobby and grand staircase, ground to second floor, of its flagship location at 70 Mulberry Street, New York City to its original, historic beauty. Specifically, LMDC will fund costs associated with labor, equipment, fixtures and related supplies pertaining to the Program. Founded in 1978, H.T. Dance is a non-profit performing arts organization based in Chinatown dedicated to providing moving experiences in Asian American expression and contemporary dance through artistic creation, arts education, and presentation. H.T. Dance’s Chen Dance Center is among the very few small dance theaters and rehearsal facilities in Chinatown providing program opportunities and performances to the local community. Other tenants at 70 Mulberry Street include: a Chinatown Senior Citizens center; Museum of Chinese in the Americas; the United East Athletic Association and the Chinatown Manpower Project (an organization providing vocational training for adults and Chinese language programs for community youth). Beneficiaries of the Program include H.T. Dance audiences, visitors, artists, students, and guests as well as the other 70 Mulberry Street tenants and their constituents, a majority of whom are low and moderate income families, who will enjoy a safer and more comfortable environment as a result of this project.

Location Description:

70 Mulberry Street, New York, NY 10013

Activity Progress Narrative:

The Time of Performance for H.T. Dance/Chen Dance Center's CCEP grant concluded at the end of September, 2014. Renovations to the H.T. Dance office as well as to the lobby and grand stair case of the 70 Mulberry Street building H.T Dance occupies as delineated under the terms of this agreement have been completed. LMDC awaits H.T. Dance's final requests for reimbursement related to this project. The LMDC project manager continues to work closely with H.T. Dance staff to secure all the required materials necessary in order to finalize the review and processing of a previously submitted request for reimbursement.

Lower East Side Tenement Museum	\$63,287.46	\$390,656.05
Match Contributed	\$0.00	\$0.00

Activity Description:

As part of the Community and Cultural Enhancement Program, Lower East Side Tenement will research and plan for three new historic apartment exhibitions. These apartments will present the accounts of families who lived at 103 Orchard Street after 1945 by describing the stories of Jewish Holocaust survivors admitted under the Refugee Act of 1948; Chinese tenants who immigrated under the Hart-Cellar Immigration and Nationality Act of 1965; and Puerto Rican migrants who were recruited for garment industry jobs in the 1950s.

Location Description:

103 Orchard St, New York, NY 10002

Activity Progress Narrative:

During the 4th quarter of 2014, The Lower East Side Tenement Museum has submitted the final reimbursement of the grant which supports the development of three post-World War II exhibit. LMDC has reimbursed a total of \$390,656.05 and an invoice for \$9,343.95 is still pending final review.

During this quarter, the Historic Furnishing Curator continued her work acquiring objects and furnishings that will be used on both virtual and physical exhibit and worked with the Project team to develop ideas for the layout and furnishing scheme of the physical exhibit installation.

In addition, the multimedia designer submitted an alpha version and a beta version of the virtual tour to the project team for testing and review, which took place in November and December using focus group scholars, visitors and museum staff.

Activity Description:

As part of the Community and Cultural Enhancement Program, MFY shall continue to administer their Lower Manhattan Justice Project which provides free legal services to underserved communities in Lower Manhattan, with a specific focus on communities located in Chinatown and the Lower East Side. Founded in 1963 and based in Lower Manhattan, the mission of MFY Legal Services is to ensure equal access to justice for those who cannot afford representation. The overarching goal of the Lower Manhattan Justice Project is to promote economic and cultural diversity in Lower Manhattan by increasing access to justice for low- and moderate-income residents. Legal services consist of advice, counsel, referrals and representation, as needed, and will be provided in connection with housing and tenants' rights, consumer issues, health and disability and employment/workplace issues.

Location Description:

299 Broadway, 4thFloor, New York, NY 10007

Activity Progress Narrative:

MFY Legal Services continued to offer free personal legal support and legal clinics primarily to low income residents of lower Manhattan regarding housing, consumer, or employment concerns. To date, MFY Legal Services Lower Manhattan Justice Project has served 2,760 residents of lower Manhattan.

In Q4, MFY Legal Services submitted monthly reimbursement requests for a total of \$49,535.12. The final reimbursement request for 2014 and the contract as a whole is expected to be reimbursed in early Q1 2015.

Activity Description:

: As part of LMDC’s Community and Cultural Enhancement Program, LMDC funds will enable New York Public Radio (NYPR) to make improvements to The Jerome L. Greene Performance Space (“The Greene Space”), NYPR’s 5,300 square foot public performance and studio space in their Lower Manhattan headquarters at 160 Varick Street. Specifically, LMDC will support modifications and enhancements to the Control Room and the purchase of equipment related to Control Room enhancement. Beneficiaries of the Program will include the more than 20,000 people who come to The Greene Space facility each year to experience live broadcasts of signature WNYC shows, WQXR live concerts, and lectures, many of whom come to Lower Manhattan to visit The Greene Space. The Greene Space Programming also reaches hundreds of thousands of people via live broadcasts, audio and visual streaming and recorded programming. New York Public Radio is an independent non-profit organization comprised of 7 radio stations, including WNYC (93.9 FM, AM 820), WQXR (105.9 FM), and The Jerome L. Greene Performance Space. Their radio stations are the most listened-to public stations in the country, reaching 2 million listeners locally each week, and an additional national radio and digital audience of 8.5 million. The mission of NYPR is “to make the mind more curious, the heart more tolerant, and the spirit more joyful by producing programs that reflect the values, vitality, diversity, and aspirations of listeners wherever they may be.” The amount of this LMDC grant is \$200,000.

Location Description:

160 Varick Street, 9thFloor, New York, NY 10013

Activity Progress Narrative:

The Time of Performance deadline for LMDC's Community and Cultural Enhancement program grant to New York Public Radio (NYPR) for improvement of the Jerome L. Greene Performance Space concluded on December 31, 2014. NYPR's project team had issued a revised RFP during the 3rd quarter of 2014 with modified work specifications, an extended project timeline and publicized in a wider range of media outlets to encourage the greatest possible response to this work opportunity. The September deadline for the RFP was followed with a several week-long review and vetting period during the 4th quarter. The project work was ultimately awarded in mid-October with the work to begin toward the end of November and conclude by the end of December. The work was completed as scheduled at the end of December and LMDC currently awaits submission of any and all requests for reimbursement from New York Public Radio related to this grant.

Activity Description:

As part of LMDC's Community and Cultural Enhancement Program, LMDC funds will support the Lower Manhattan Cultural Council's (LMCC) production of the 2012, 2013, and 2014 River to River Festivals. Specifically, LMCC will implement a three-year marketing strategy to expand the overall vision and evolution of the Festival and extend its reach over the three-year timeframe.

Location Description:

125 Maiden Lane, 2ndFl., New York, NY 10038

Activity Progress Narrative:

The River To River Festival offers people who live, work or visit Lower Manhattan an exceptionally intense and rewarding way to experience the area's waterfronts, parks, plazas and selected performance venues. The Festival's densely packed program of daytime, evening and weekend events allows for both work and leisure schedules and showcases Lower Manhattan as a thriving center for cultural activity and key destination point for experiencing much of New York City's diverse abundance of heritage, history, dining, shopping and cultural activity.

The Time of Performance for the Lower Manhattan Cultural Council in support of three years of the River to River Festival

ended on August 30, 2014. The last of three River to River Festivals supported with funding from this grant concluded on June 29, 2014. LMCC's final request for reimbursement, in the amount of \$233,000, has been received, reviewed and approved for payment by LMDC and is currently pending reimbursement.

The objectives of this grant have been suitably achieved and, once the requisition has been paid, the terms of this agreement will have satisfactorily concluded.

Activity Description:

: As part of LMDC’s Community and Cultural Enhancement Program, LMDC funds will enable the Lower Manhattan Cultural Council (LMCC) to implement a Marketing for the Arts program (“MFA”). The LMCC MFA is a marketing and communications training program, which will benefit seven specific, pre-selected lower Manhattan cultural institutions. Goals of the program include: increasing the capacity of the seven downtown cultural organizations to develop and implement strategic marketing and communications plans; to encourage and enable collaboration among the organizations to build community; and to engage in peer-to-peer learning opportunities as the basis for an ongoing network of mutual support. The seven preselected and approved organizations which were all found to be in need of marketing and communication enrichment are: Chen Dance Center/H.T. Dance; CityLore on behalf of the CATCH consortium (Center for Art, Tradition, and Cultural Heritage); Clemente Soto Velez Center; HERE Arts Center; Museum of American Finance; Museum of Chinese in the Americas; and Poets House. Specifically, LMDC will fund costs associated with LMCC staff, marketing and communication consultants, and guest speakers related to the design and implementation of the program. In addition, LMDC will provide the funds for LMCC to re-grant up to \$25,000 to each of the seven cultural institutions which have been selected to be a part of this program for the implementation of their marketing plan. Beneficiaries of the Program will be Lower Manhattan residents and workers who work on, visit or attend exhibitions or events that the selected cultural institutions execute, as well as, artists and area businesses which will benefit from the expanded and enhanced activity in Lower Manhattan generated by these institutions through the successful implementation of their newly engineered marketing campaigns. The amount of this LMDC grant is \$500,000.

Location Description:

125 Maiden Lane, 2ndFl., New York, NY 10038

Activity Progress Narrative:

During the 4thquarter of 2014, Lower Manhattan Cultural Council’s (LMCC) representatives and LMDC staff continued work on the second and final phase of this program which is the re-granting phase. During this aspect of the project, the seven pre-selected cultural institutions involved in the program will receive up to \$25,000.00 each to initiate their specifically designed marketing campaigns. LMCC will enter into separate contracts with each of these groups and will oversee and reimburse the costs of their marketing plan implementation. At the beginning of the 4thquarter, LMCC submitted their first request for reimbursement related to this program which is currently being worked on.

As part of Grantee’s Community and Cultural Enhancement Program, Grantee will support Subrecipient’s College Access and Success Program (CAASP) which prepares parents of children who are enrolled in Subrecipient’s Head Start program for college by providing ESL, GED and college prep classes.

Location Description:

197 East Broadway, New York, NY 10002

Activity Progress Narrative:

The Educational Alliance continues to run the College Access and Success Program in lower Manhattan. During the fourth quarter of 2014, EA purchased a new database – PROMIS (Program Resources and Outcomes Management Information System).

EA hosted a social gathering for students in their College cohort to have them check in and connect with their peers. Many of them appreciated the opportunity to meet, learn and share their experience balancing school with parenthood and employment.

Reimbursement in the amount of \$100,000.00 was paid in the fourth quarter and an invoice for \$51,000.00 is currently being reviewed.

The Flea Theater	\$46,073.07	\$408,307.84
Match Contributed	\$0.00	\$0.00

Activity Description:

Subrecipient will rehabilitate an existing commercial building, at 20 Thomas Street to create a performing arts center with theaters, administrative offices and other related spaces. LMDC funding will also support expenses related to architectural consulting and project management.

Location Description:

41 White Street, New York, NY

Activity Progress Narrative:

The Flea Theater is working towards the rehabilitation of an existing commercial building, at 20 Thomas Street to create a performing arts center with theaters, administrative offices and other related spaces. This will enable The Flea to enhance its ability to provide more opportunities for artists, increase audience attendance, and to maintain and develop new and long-term partnerships with other theater groups.

This quarter construction continues, and an invoice for \$46,073 submitted in the 3rdquarter (September) was paid.

Match Contributed	\$0.00	\$0.00

Activity Description:

As part of LMDCs Community and Cultural Enhancement Program, The Wooster Group will create and expand public programming at, and make improvements to, their home-base, The Performing Garage, located at 33 Wooster Street, New York City. LMDC funding will enable The Wooster Group to employ technical, custodial, and producing staff to create two seasons of public programming which will include work by The Wooster Group, resident visiting artists and youth from the Groups art education programs. In addition to the staffing, LMDC funding will support the rehabilitation of The Wooster Groups theater space, The Performing Garage, as an improved presenting venue by allowing the Wooster Group to purchase lighting, audio and video equipment as well as augment The Performing Garage’s sound baffling and rebuild its risers to accommodate an expanded audience.

Location Description:

33 Wooster Street, New York, NY 10013

Activity Progress Narrative:

Over the course of The Wooster Group’s (TWG) two year, \$250,000 LMDC grant, made possible with funding from HUD, TWG was able to make much needed renovations to their space. Specifically, this funding allowed TWG to replace their audience seating with a more flexible riser system, purchase a new, more robust lighting board and upgrade sound and video equipment. These systems will be used by The Wooster Group as well as their visiting artists, transforming The Performing Garage into a more viable destination for creating and presenting work for years to come. Additionally, TWG commissioned

nine different groups of visiting artists to develop and present dance, theater, music and performance art pieces through residencies in their space. The work ranged from iconic performance artist Karen Finley to burgeoning installation artist Deville Cohen and emerging downtown theater group Half Straddle. During the two years of LMDC support, TWG formalized their Visiting Artist Series which is now called "The Performing Garage Presents" and has "kick-started" other funding sources who are now dedicating resources to this new program. The visiting artist residencies created 200+ additional artistic and technical jobs at The Performing Garage and their public work-in-progress showings and performances brought more than 1,000 new audience members into The Wooster Group's space and into the lower Manhattan neighborhood.

During the grant period, TWG also used its home base of The Performing Garage for its annual Summer Institute, a free three-week workshop program for public high-school students from across the five boroughs. The CCEP grant has allowed the Group to hire seven guest artists to instruct these students in voice, movement, sound design, text work and magic. The Summer Institute culminates each year in three public showings for the students' families and friends bringing another 800+ attendees to The Performing Garage. LMDC funding also supported the development and presentation of TWG's own pieces, including the beginning stages of a new piece based on Harold Pinter's play *The Room*. This new piece will continue development in 2015 with a view towards opening in early 2016. The 80+ showings and performances brought more than 8,500 low and moderate-income attendees to their space with additional benefits extending to more than 20 local businesses in TWG's lower Manhattan neighborhood.

During the 4th Quarter of 2014, The Wooster Group's 4th and final requisition, in the amount of \$56,682 was circulated and approved for payment. Once paid, the LMDC grant will have been paid in full, the objectives will have effectively been met, and the terms of this agreement will have been satisfactorily accomplished. The reimbursement was made in early January bringing this project to a close.

Activity Description:

As part of the Community and Cultural Enhancement Program, LMDC will fund expenses for staff time and equipment purchases for University Settlement Society of New York's Houston Street Center for fiscal years 2012 through 2014. LMDC funds will support recreational, educational, community-building, and enrichment programs, at the Houston Street Center, which will allow the center to serve over 10,000 people per year.

Location Description:

184 Eldridge Street, New York, NY 10002

Activity Progress Narrative:

As part of LMDC's Community and Cultural Enhancement Program, LMDC funded expenses for staff time and equipment purchases for University Settlement Society of New York's Houston Street Center for fiscal years 2012 through 2014. LMDC funds supported recreational, educational, community-building and enrichment programs, at the Houston Street Center, which allowed the center to serve over 10,000 people per year.

Over this past year of funding, 12,835 people community members benefited from the grant funding provided, 128% of the targeted amount. Of those beneficiaries, 58% were low income residents, which was 165% of the targeted amount for the year.

Through youth programs like STRIDE and other after-school programs, 194 youth were engaged, and 70% of them came from low-income families. The Older Adult HeART Program continued this year, and enrolled 556 seniors in dynamic and specially tailored programming. The EXCEL program brought enhanced course offerings for children and young adults with autism and other special needs. Basketball was a big part of the Houston Street Center's programming, and attracted a new demographic to the center.

This quarter the final grant funds were distributed, the scope and activities have been fulfilled, and the grant has been moved to the inactive status. This activity has been completed.

Activity Description:

--LOWER MANHATTAN CULTURAL ENHANCEMENT FUND CAPITAL PROJECTS-- The Cultural Enhancement Fund provides grants to not-for-profit organizations for projects and programs that provide cultural facilities or programming in Lower Manhattan, and demonstrate the ability to spur long-term Lower Manhattan revitalization, benefiting area residents, workers, businesses, and visitors. Grants are provided to not-for-profit organizations that, through proposed or existing facilities and activities, demonstrate excellence, animate the neighborhood, and support cultural life in Lower Manhattan. Organizations were selected through a competitive process and submitted applications that were reviewed by an Advisory Panel including representatives from New York City and State agencies and other advisors knowledgeable on culture and Lower Manhattan, that will make funding recommendations to LMDC. In March 2006 LMDC announced the selection of 63 cultural organizations to receive grants for capital projects, events and programs, and planning initiatives. 32 Grants were for Capital Projects-- PROGRAM OBJECTIVES--Supporting cultural life has emerged as an important Lower Manhattan redevelopment objective following an extensive public outreach and planning process. Investment in Lower Manhattans cultural assets would serve as a catalyst for increased residential, commercial, retail, and other neighborhood activities. In realizing this objective, the Cultural Enhancement Fund is intended for projects in Lower Manhattan that would meet the needs resulting from the events of September 11, 2001, address or prevent blight, and benefit low-and-moderate-income communities. Funded projects would have the capacity to spur the revitalization of Lower Manhattan and successfully benefit area businesses, residents, and visitors. --BENEFICIARIES--The Lower Manhattan Cultural Enhancement Fund benefits Lower Manhattan area residents, workers, businesses, and not-for-profit organizations through supporting the areas cultural life. The Cultural Enhancement Fund is intended to benefit low-and-moderate-income communities, address or prevent blight, and meet needs resulting from September 11, 2001. --SCHEDULE--Activities related to the Cultural Enhancement Fund began in the fall of 2005. -- ALLOCATIONS IN PAP--\$19,023,495 has been allocated for the Cultural Enhancement Fund Capital Projects in PAP 11.

Location Description:

PROJECT AREA--The project area for the Cultural Enhancement Fund is defined as Manhattan, south of Houston Street.

Activity Progress Narrative:

Only two Cultural Grants remain open at quarter end. The Educational Alliance, Inc. planning and design work has concluded and their final reimbursement requests were submitted. Additional supporting documentation has been requested with some of it received. The review is underway with hopes that final payments can be made in the first quarter of 2015.

The Downtown Community Television Center (DCTV) project has been on hold while the sale of air rights could be considered. DCTV working with the New York City Economic Development Corporation still plans to package and sell DCTV's air rights but is also considering project scope changes that they will discuss with LMDC in the weeks ahead. Approximately \$300,000 is still available to complete this project.

Activity Description:

PROJECT DESCRIPTION: The Fulton Nassau Crossroads Program, a component of the Fulton Corridor Revitalization Program, is an incentive program to assist property owners and retailers to restore building facades, and improve commercial storefronts and interior space; in order to improve the overall look and retail viability of Fulton Street, while respecting its historic character. Design Guidelines and an Incentives Review Panel ensure that the incentive program meets the overall vision for the corridor. The LMDC worked with the City of New York to develop the program guidelines, and they are available online at www.nycedc.com/crossroads. The project also provides technical assistance to property and business owners who are receiving money for façade and storefront improvements. In June and December 2009, the LMDC Board authorized an amendment to Partial Action Plan 12 and the two Fulton Corridor Revitalization subrecipient agreements that reduced the authorized amount of the Incentive and Streetscape subrecipient agreement to \$21,894,050. Out of that amount, \$14,570,000 is allocated to the storefront and façade improvement program. The amendment to Partial Action Plan 12 reflecting that reduction is posted on the LMDC website. On November 22, 2010, the LMDC Board authorized an additional reduction in the amount allocated to the Fulton Corridor Revitalization Program in PAP12. The November 2010 authorization and a partial action plan amendment approved by HUD in June 2012, reduced the amount of the incentive program from \$14,570,000 to \$10,570,000.

PROPOSED BENEFICIARIES: The Fulton Corridor Revitalization Program will provide needed public investment in the Fulton Corridor, benefiting the growing residential population, businesses and retailers, and area office workers and visitors to the WTC Site and the South Street Seaport. There are approximately 150 storefronts in 80 buildings within the eligible Program area.

SELECTION OF BENEFICIARIES: The Fulton Corridor is a major artery in Lower Manhattan, connecting the rebuilt World Trade Center site and Battery Park City to the Seaport and the soon to be developed East River Esplanade. The grant program will allow for steady improvement of the facades and storefronts in order for the surrounding buildings to match the

Location Description:

To be eligible for the Fulton Nassau Crossroads program, a property must be located on Fulton Street between Broadway to the west and Water Street to the east, or on Nassau Street between Spruce Street to the north and Maiden Lane to the south.

Activity Progress Narrative:

Design has been completed on the four storefronts that have been in design phase for the last few months and construction is set to begin in January 2015. The construction of three of store fronts that had been ongoing has also been completed this period. Reimbursement requests totaling \$2,098,844 were paid this quarter.

Activity Description:

PROJECT DESCRIPTION: In June and December 2009, the LMDC Board authorized amendments to Partial Action Plan 12 and the two Fulton Corridor Revitalization subrecipient agreements that increased the authorized amount for the Open Spaces subrecipient agreement by \$4,970,950 from \$11,495,000 to \$16,465,950. The amendment to Partial Action Plan 12, which added \$1M to the Fulton Corridor Revitalization Program bringing the total allocation for the Program to \$39M, was approved by HUD on September 24, 2010. This project will develop and improve parks and open spaces along the Fulton Corridor and is a component of the Fulton Corridor Revitalization Program. Titanic Memorial Park will be refurbished to become an improved gateway to the South Street Seaport, through improved seating and landscaping. Pearl Street Playground will be renovated and expanded to pedestrianize Little Pearl Street and to become a more welcoming area for children and families. DeLury Square will be a new 10,900 sq/ft park at Fulton and Gold Streets. The City acquired a parcel of land to create the new park configuration of DeLury Square, which will include a lawn, planted areas, a pond and fountain, sitting areas, fencing, and other improvements. A new children's playground designed by the Rockwell Group is being constructed at Burling Slip and will create 22,000 square feet of public open space.

PROPOSED BENEFICIARIES: The Fulton Corridor Revitalization Program will provide needed public investment in the Fulton Corridor, benefiting the growing residential population, businesses and retailers, and area office workers and visitors to the WTC Site and the South Street Seaport. Based on numbers provided by DPR in October 2010, the expected numbers of persons benefiting from the open spaces per year are: Burling Slip 140,000 total, 21,000 low-income, and 84,000 moderate-income, Pearl Street Playground 30,000 total, 4,500 low-income, 22,500 moderate-income, Titanic Park 18,000 total, 1,800 low-income, and 10,800 moderate-income, and DeLury Square 22,000 total, 8,800 low-income, and 8,800 moderate-income. Actual numbers of users of the open spaces are expected to be calculated during the summer months once the open spaces have been opened to the public.

SELECTION OF BENEFICIARIES: The Fulton Corridor is a major artery in Lower Manhattan, connecting the rebuilt World Trade Center site and Battery Park City to the Seaport and the soon to be developed East River Esplanade. The Open Space

Program will improve two existing opens spaces and create two new open spaces for the area.

Location Description:

The following projects will enhance the parks and open spaces along the Fulton Corridor: Titanic Memorial Park at the corner of Fulton and Water Streets, Pearl Street Playground bound by Fulton, Pearl and Water, and new playground to be created at Burling Slip and a new park to be created at DeLury Square at the corner of Fulton and Gold Street.

Activity Progress Narrative:

All construction work on DeLury Square, Pearl Street Playground, Burling Slip, and Titanic Park have been complete. The two reimbursement requests for \$91,463 and \$55,316 under review last quarter will be processed and paid upon receipt of additional information requested. We are working with the City of New York Department of Parks and Recreation to resolve this issue.

Activity Description:

PROJECT DESCRIPTION: The Fulton Corridor Planning Program is funded to continue planning, environmental, and administrative activities related to the implementation of the Fulton Corridor Revitalization Program.

PROPOSED BENEFICIARIES: The Fulton Corridor Revitalization Program will provide needed public investment in the Fulton Corridor, benefiting the growing residential population, businesses and retailers, and area office workers and visitors to the WTC Site and the South Street Seaport.

SELECTION OF BENEFICIARIES: The Fulton Corridor is a major artery in Lower Manhattan, connecting the rebuilt World Trade Center site and Battery Park City to the Seaport and the soon to be developed East River Esplanade.

Location Description:

The Program area for these activities includes Fulton Street bounded by Church Street to the west and Water Street to the east; streets intersecting Fulton up to a three block area north and south, including John Street from William Street to South Street and Burling Slip, located one block south of Fulton Street on John Street east of Water Street.

Activity Progress Narrative:

There was minimal spending on Fulton Planning in the fourth quarter of 2014. The New York City Department of Parks and Recreation worked with our consultants and staff on proposed mitigation material for the historic wooden bulkhead found at

Burling Slip during work on the Fulton Corridor Open Spaces program. This and other planned work on the same project has resulted in some costs to this activity which should be fully expended early in 2015.

Activity Description:

PROJECT DESCRIPTION: On June 11, 2009, the LMDC Board authorized a reduction in the amount of the Subrecipient Agreement, which reduced the amount for the Fulton Corridor streetscape and streetwall improvement project in the Subrecipient Agreement from \$7,788,000 to \$7,102,050. The amendment to Partial Action Plan 12 reflecting that reduction is posted on the LMDC website. This program will enhance the pedestrian and vehicular movement in the portals leading to Fulton Street, including John Street from William Street to South Street to enhance the connection to Burling Slip. On January 26, 2012, the LMDC Board authorized a Partial Action Plan 12 and Subrecipient Agreement amendment to include an additional three blocks of Spruce Street between Park Row and Gold Street in the streetscape project. Partial Action Plan 12 was amended to include the additional blocks and posted on LMDC's website on March 12, 2012. The streetscape and streetwall improvements are part of the Fulton Corridor Revitalization Program. Potential improvements include new sidewalks and curbs, roadway resurfacing, street furniture, light poles, wayfinding signage, landscaping, seating, plantings and increased open space along Fulton Street between Gold and Pearl Streets.

PROPOSED BENEFICIARIES: The Fulton Corridor Revitalization Program will provide needed public investment in the Fulton Corridor, benefiting the growing residential population, businesses and retailers, and area office workers and visitors to the WTC Site and the South Street Seaport. The number of persons benefiting annually is based on a 2006 economic analysis report produced by The Louis Berger Group, which determined that there were approximately 49,111 residents who live within 0.5 miles of the project area and 52,141 workers who work within 0.25 miles of the project area.

SELECTION OF BENEFICIARIES: The Fulton Corridor is a major artery in Lower Manhattan, connecting the rebuilt World Trade Center site and Battery Park City to the Seaport and the soon to be developed East River Esplanade. The streetscape program will allow for steady improvement of streetscape to match the improved facades and open spaces.

Location Description:

The Program area for these improvements includes Nassau Street between Fulton Street and Maiden Lane, William Street between Maiden Lane and Beekman Street, Gold Street between Platt and Beekman Streets, Cliff Street between John and Fulton Streets, Pearl Street between Maiden Lane and Fulton Street, and Spruce Street between Park Row and Gold Street.

Activity Progress Narrative:

All work has been completed on the streetscape portion of the project. The final invoice totaling \$134,610.71 was processed and paid this quarter.

Activity Description:

LOWER MANHATTAN ECONOMIC DEVELOPMENT PROGRAM -- For Lower Manhattan to continue to recover from the attacks of September 11, new opportunities to increase economic activity must be developed. Creating new residential neighborhoods, attracting new commercial and retail tenants to Lower Manhattan, and spurring construction that will generate new jobs are important goals that are consistent with LMDCs Principles and Revised Preliminary Blueprint for the Future of Lower Manhattan. LMDC has allocated \$30 million for economic development initiatives in Lower Manhattan. The New York City Economic Development Corporation (EDC) will use these funds to implement projects that (1) increase economic activity in Lower Manhattan by spurring and promoting additional commercial and residential development; (2) attracting businesses and residents to locate in Lower Manhattan; and/or (3) providing short-term and/or long-term jobs in Lower Manhattan. Prior to allocating funding to any project, EDC will engage public participation in the review of the project's ability to promote one or more of the above three goals and solicit and consider public input.

ECONOMIC DEVELOPMENT PROGRAM OBJECTIVES This program will spur activity that will help prevent blight that could result absent intervention to address the existing conditions resulting from the events of September 11. This program will also benefit low-and-moderate-income people.

BENEFICIARIES-- The economic development projects will benefit Lower Manhattan area residents, workers, businesses, and not-for-profit organizations, including low and moderate income persons and families. More specific beneficiaries will be identified as projects are selected.

SCHEDULE The economic development projects are expected to be identified by December 31, 2007 and completed by December 31, 2015.

CURRENT PROJECTS UNDER THE PROGRAM -- The Small Firm Assistance Program is one of the projects funded under the Economic Development Program. The Small Firm Assistance Program will provide grants to eligible small firms in Lower Manhattan adversely affected by street closures related to publicly-funded construction. The Program was recently amended to expand eligibility under the Program, increase the Programs funding and extend its expiration date through December 31, 2015.

FEDERAL AND OTHER RESOURCES-- LMDC proposes to allocate up to \$6,775,000 for a Lower Manhattan Economic Development Program.

TOTAL ESTIMATED COST--The total estimated cost for this activity as outlined in this Partial Action Plan is up to \$6,775,000.

Location Description:

PROJECT AREA-- The project area for the economic development program is Lower Manhattan, south of Houston Street.

Activity Progress Narrative:

This program continues to accept and process applications from local Lower Manhattan Businesses adversely affected by the

on-going construction.

To date 434 applications have been received with 356 grants paid. Recently received applications are under review.

Activity Description:

LOWER MANHATTAN TRANSPORTATION IMPROVEMENT PROGRAM-- Access to transportation has been identified as a competitive advantage for Lower Manhattan. Access to subways, the PATH station, ferries, bridges and tunnels make Lower Manhattan an attractive place to live and work. As Lower Manhattan continues to grow, ensuring sufficient transportation will be a key to its continue success. LMDC allocated up to \$31,000,000 to address a range of transportation initiatives that will benefit commuters, businesses, residents and pedestrians in Lower Manhattan. The City of New York and The National 9/11 Memorial Museum will use these funds to implement projects within Lower Manhattan that accomplish one or more of the following: improve mobility; improve connectivity between Lower Manhattan, the rest of New York City, and the surrounding region; promote the livability of Lower Manhattan and/or encourage business development; improve conditions for pedestrians and bicyclists; promote use of public transportation; provide access to the streets for those vehicles that need it; reduce congestion on the streets; support traffic management and emergency response; and ease the impact of construction on residents, businesses and tourists. Prior to allocating funding to any project, the National 9/11 Memorial Museum and the NYC Economic Development Corporation will engage public participation in the review of the project's ability to promote one or more of the above goals and solicit and consider public input. -PROGRAM OBJECTIVES This program will help prevent of blight that could result absent intervention to address the existing conditions resulting from the events of September 11th. - BENEFICIARIES-- The transportation improvement projects to be funded will benefit Lower Manhattan area residents, workers, businesses, and not-for-profit organizations, including low and moderate income persons and families. --ALLOCATIONS IN PARTIAL ACTION PLANS A total of \$31 million have been allocated in the Final Action Plan. The initial Final Action Plan allocated \$31,000,000 to Transportation Improvements. The Final Action Plan was amended in June 2012 to reduce the allocation for Transportation Improvements by \$14 Million to a total of \$17 Million. A February 2013 amendment reduced the allocation to \$15,835,000. The February 2013 amendment also allowed the National September 11 Memorial & Museum at the World Trade Center Foundation, Inc. to allocate and implement Transportation Improvements.

Location Description:

The project area is Lower Manhattan, south of Houston Street.

Activity Progress Narrative:

New York City Department of Transportation (DOT) has submitted all reports and a reimbursement request for \$141,000 which is currently being reviewed and processed for payment. DOT has nearly finished completion of installing Wayfinding signs in the Financial District. During this quarter, DOT has installed 11 sign footings and 10 signs. The 11 signs should be installed 1st Quarter 2015.

A reimbursement request in the amount of \$1.3 million received from the National September 11th Memorial and Museum for work on the West Street Sidewalk is also under review. The Sidewalk improvements adjacent to the World Trade Center have been completed.
