

Index

Agency Actions and Approvals	S-17, 1-43
Bi-State	S-18, 1-44
Federal	S-17, 1-43
New York City.....	S-18, 1-44
State	S-18, 1-44
Air Quality	14-1
Conclusions	14-1
Context.....	14-1
Context of September 11.....	14-2
Current Conditions Scenario	S-45, 14-2
Methodology.....	14-8
Predicted Impacts of the Proposed Action	14-24
Pre-September 11 Scenario	S-45, 14-1
Summary	S-45
Alternatives	S-57–S-62, 1-40, 23-1
At-Grade Loading Alternative	S-62, 1-43, 23-43
Co-Generation Alternative	S-60, 23-34
Enhanced Green Construction Alternative.....	S-59, 1-42, 23-32
Memorial Only Alternative	S-59, 1-40, 23-7
No Action Alternative.....	S-57, 1-40, 23-2
Rebuilding Alternatives	1-41, 23-18
Reduced Impact Alternative	S-61, 1-42, 23-42
Restoration Alternative	S-58, 1-41, 23-12
WTC Site Only Alternative	S-59, 1-42, 23-24
Analysis Scenarios	S-19, 2-3
Current Conditions Scenario	S-19, 2-3
Pre-September 11 Scenario	S-19, 2-3
At-Grade Loading Alternative	S-62, 23-43
Background Projects	S-22, 2-7
Current Conditions Scenario	S-22, 2-7
Pre-September 11 Scenario	S-22, 2-7
Battery Park City Site 26	1-19, 1-20
Coastal Zone	16-1
Conclusions	16-1
Context.....	16-1
Methodology.....	16-3

World Trade Center Memorial and Redevelopment Plan GEIS

Permanent Activities 16-3
Proposed Action 2009 and 2015 Condition 16-3
Regulatory Context 16-2
Summary..... S-46–S-47
Temporary (Construction) Activities 16-3

Community Facilities S-34, 8-1
Conclusions 8-2
Context 8-1
Current Conditions Scenario 8-7
Methodology 8-3
Pre-September 11 Scenario 8-13
Summary..... S-34–S-35

Construction 21-1
Context 21-1
Conclusions 21-4
Construction Analysis Methodology 21-11
Cumulative Construction Effects During Peak Period 2006 21-34
Cumulative Effects Methodology 21-10
LMDC’s Environmental Principles 21-7
Other Construction Impacts of the Proposed Action 21-79
Overview of Construction Activities: Proposed Action 21-15
Summary..... S-54–S-58
Staging and Lay-Down Areas, Street Closures, and Site Access..... 21-33
Sustainable Design Guidelines..... 21-9

Co-Generation Alternative.....S-60, 23-34

Construction Period Cumulative Effects Analysis S-21, 2-5

Coordinated Determination of National Register Eligibility.....5-2, 5-9, 5-20

Current Conditions Scenario see Analysis Scenarios

Development History..... S-1, S-5, 1-3, 3-4, 5-1, 6-1, 9-1

Enhanced Green Construction AlternativeS-59, 1-42, 23-30

Environmental Justice..... 20-1
Conclusions 20-3
Context 20-1
Current Conditions Scenario 20-8
Methodology 20-4
Pre-September 11 Scenario 20-19
Summary..... S-53–S-54

Floodplain..... 17-1
Context 17-1
Current Conditions Scenario 17-3
HUD Floodplain Compliance 17-8
Methodology 17-2

Pre-September 11 Scenario	17-6
Summary	S-47
Framework for Analysis	S-19, 2-2, 8-5, 9-6
Fulton Street Transit Center.....	1-39
GEIS Process/Schedule	2-1
Governor’s Immediate Action Items	S-17, 1-38
Growth-Inducing Aspects of the Proposed Project.....	25-1
Summary	S-69-70
Hazardous Materials	11-1
Conclusions	11-2
Context	11-1
Current Conditions Scenario	S-40, 11-10
Environmental Sampling Plan	11-3
Geology	11-8
Hazardous Materials Screening Study	11-2
Methodology	11-2
Project Site	11-8
Pre-September 11 Scenario	S-40, 11-18
Regulations	11-5
Summary	S-40–S-41
Historic Resources.....	5-1
Conclusions	5-2
Context	5-1
Current Conditions Scenario	S-27, 5-5, 5-11
Identification of the Area of Potential Effect	5-10
Methodology	5-9
National Historic Preservation Act (Section 106)	5-6
New York City Landmarks Law	5-9
Pre-September 11 Scenario	S-25, 5-3, 5-49
Regulatory Context	5-6
Section 4(f) of the Federal Department of Transportation Act	5-8
State Historic Preservation Act	5-8
Summary	S-25–S-28
Infrastructure	12-1
Conclusions	12-2
Context	12-1
Current Conditions Scenario	S-42, 12-3, 12-5
Methodology	12-3
Pre-September 11 Scenario	S-41, 12-2, 12-17
Summary	S-41–S-42
Innovative Design Study.....	S-8, 1-13

Irreversible and Irretrievable Commitment of Resources..... 26-1
 Summary S-70

Land Use and Public Policy3-1
 Conclusions 3-2
 Context 3-1
 Current Conditions Scenario S-23, 3-6
 Development History 3-4
 Methodology 3-2
 Pre-September 11 ScenarioS-23, 3-29
 Summary S-23

Liberty ParkS-14, 1-26, 6-22

Listening to the City..... S-7, 1-11

Lower Manhattan Recovery Projects S-17, 1-38

Memorial 1-22, 1-24, 1-29–1-34, 5-44, 6-6
 Memorial Center 1-22, 5-45
 Memorial Mission Statement, Program, and Design S-15, 1-29

Memorial-Only Alternative.....S-59, 1-40, 23-7

Methodology2-1
 Air Quality 14-7
 Background Projects 2-7
 Coastal Zone 16-3
 Community Facilities 8-3
 Construction.....21-11
 Construction Period Cumulative Effects Analysis 2-5, 21-10
 Environmental Justice 20-4
 Floodplain 17-2
 Framework for Analysis 2-2
 GEIS Process/Schedule 2-1
 Hazardous Materials 11-2
 Historic Resources 5-9
 Infrastructure..... 12-3
 Land Use and Public Policy 3-2
 Natural Resources..... 18-9
 Neighborhood Character..... 10-5
 Noise 15-2
 Open Space 6-8
 Role of the GEIS in the Approvals Process 2-1
 Shadows..... 7-5
 Socioeconomic Conditions 9-6
 Traffic and Parking 13A-2
 Transit and Pedestrians..... 13B-5
 Two Analysis Scenarios 2-3
 Two Analysis Years 2-3

Mitigation Measures	22-1
Archaeological Resources.....	22-1
Construction	22-23
Noise	22-22
Pedestrian Conditions	22-21
Summary	S-58–S-62
Traffic and Parking.....	22-1
National Historic Preservation Act (Section 106)	1-2, 5-6
Natural Resources	18-1
Context.....	18-1
Conclusions	18-2
Current Conditions Scenario	S-51, 18-5, 18-17
Methodology.....	18-11
Pre-September 11 Scenario Analysis	S-47, 18-3, 18-67
Regulatory Context.....	18-8
Summary	S-47–S-52
Neighborhood Character	10-1
Context	10-1
Conclusions	10-2
Methodology	10-5
Current Conditions Scenario	S-38, 10-3, 10-5
Pre-September 11 Scenario	S-38, 10-2, 10-17
Summary	S-37–S-40
New York City Landmarks Law	5-9
No Action Alternative	S-57, 1-40, 23-2
Noise	15-1
Conclusions	15-2
Context	15-1
Current Conditions Scenario	15-2, 15-9
FTA Noise Analysis for the Proposed Underground Garage	15-26
Methodology	15-2
Pre-September 11 Scenario	15-2, 15-16
Summary	S-45–S-46
Open Space	6-1
Context	6-1
Conclusions	6-3
Current Conditions Scenario	S-30, 6-13
Methodology and Screening for Impacts	6-8
Pedestrian-Level Wind Conditions	S-30, 6-11
Pre-September 11 Scenario	S-29, 6-27
Summary	S-28–S-31
Pedestrian-Level Wind Conditions	S-30, 6-6, 6-8, 6-11

Permanent World Trade Center PATH Terminal..... 1-39, 13B-2

Plans in Progress..... S-8, 1-16

Programmatic Agreement..... 5-5, 5-7, 5-8, 22-1

Radiofrequency Electromagnetic Fields 19-1
 Background 19-1
 Conclusions 19-1
 Context 19-1
 Current Conditions Scenario S-53, 19-1, 19-4
 Pre-September 11 Scenario S-53, 19-1, 19-6
 Summary S-52–S-53

Pre-September 11 Scenario see Analysis Scenarios

Rebuilding Alternative 1-41, 23-18

Reduced Impact Alternative S-61, 1-42, 23-42

Resources of Concern for Shadow Analysis..... 7-6

Restoration Alternative S-58, 1-41, 23-12

Route 9A Reconstruction..... 1-39

Safety and Security S-14, 1-34

Section 106..... see National Historic Preservation Act

Section 4(f) of the Federal Department of Transportation Act..... 5-8

7 World Trade Center..... 1-38

Shadows 7-1
 Assessment of Shadow Impacts—Current Conditions Scenario 2009 7-11
 Assessment of Shadow Impacts—Current Conditions Scenario 2015 7-17
 Assessment of Shadow Impacts—Pre-September 11 Conditions Scenario 2009 7-22
 Assessment of Shadow Impacts—Pre-September 11 Conditions Scenario 2015 7-28
 Conclusions 7-3
 Context 7-1
 Current Conditions Scenario S-33, 7-3
 Methodology 7-5
 Pre-September 11 Scenario S-31, 7-5
 Resources of Concern for Shadows Analysis 7-6
 Shadow Impacts 7-10
 Shadow Screening 7-6
 Summary S-31–S-34

Site 26 see Battery Park City Site 26

Socioeconomic Conditions 9-1
 Conclusions 9-3
 Context 9-1
 Current Conditions Scenario S-36, 9-4, 9-13
 Economic and Fiscal Benefits of Proposed Action: Current Conditions Scenario 9-81

Economic and Fiscal Benefits of Proposed Action: Pre-September 11 Scenario	9-126
Methodology	9-6
Pre-September 11 Scenario	S-35, 9-5, 9-97
Summary	S-35–S-37
South Ferry Terminal Subway Station	1-40
State Historic Preservation Act.....	5-8
Sustainable Design Guidelines.....	S-15, 1-28, 12-1–12-4, Appendix A
Traffic and Parking	13A-1
Conclusions	13A-1
Context.....	13A-1
Current Conditions Scenario	S-43, 13A-2, 13A-9
Methodology.....	13A-2
Pre-September 11 Scenario	S-42, 13A-1, 13A-38
Roadway Network and Traffic Study Area.....	13A-3, 13A-7
Significant Impact Definitions	13A-7
Summary	S-42–S-43
Traffic Level of Service Definitions	13A-4
Trip Generation Procedures.....	13A-5
Transit and Pedestrians	13B-1
Conclusions	13B-3
Context.....	13B-1
Current Conditions Scenario	S-44, 13B-4, 13B-10
Methodology.....	13B-5
Pre-September 11 Scenario	S-43, 13B-3, 13B-39
Summary	S-43–S-44
Two Analysis Scenarios	<i>see</i> Analysis Scenarios
Unavoidable Significant Adverse Impacts	24-1
Construction Noise	24-2
Pedestrians.....	24-2
Shadows	24-1
Summary	S-67–S-69
Traffic	24-1
Urban Design and Visual Resources.....	4-1
Conclusions	4-2
Context.....	4-1
Current Conditions Scenario	S-24, 4-4
Pre-September 11 Scenario	S-24, 4-24
Summary	S-24–S-25
Wedge of Light Plaza.....	S-14, 1-26, 6-22
World Trade Center History	S-1–S-6, 1-3, 3-5, 5-1, 6-1, 8-1, 9-1, 13B-1
WTC Site-Only Alternative	S-59, 1-42, 23-24
